How do you add dependents to your plans?

To enroll dependents in health, dental, and/or vision insurance, you must first complete the enrollment process online in Workday. Please refer to the Workday Enrollment Decision Guide for screen-by-screen instructions of how to first add a dependent to Workday (if they are not yet there) and how to add that dependent to health, dental, and/or vision coverage on the health screen. You might also find it helpful to first complete the Dependent Worksheet page in the Guide – including all information about the dependent(s) you are adding – PRIOR to accessing Workday to process the change.

In addition to completing the applicable endowed health, dental, and/or vision plan enrollment in Workday (or enrollment form(s) if applicable), you must provide documents to support your dependent’s eligibility for coverage. Specific documentation is outlined here.
