What happens next?

You’ve clicked the “Submit” button – now what? Each college or business unit within Cornell is responsible for its own hiring. The steps below outline the general process, however, you may experience variations in details or timeline. If you have questions about your application, contact Recruitment & Employment, (607) 254-8370.
Typical Hiring Process Timeline

- **Confirmation**: Watch for an email confirmation of your application within 24 hours of your submission.
- **Track Application**: Log in to your account to track your application through the process. Your application may show as “Under Consideration” for 4-6 weeks.
- **Phone Screen**: Following the initial resume review, selected candidates may be invited to participate in a 30-60 minute phone interview. It may take 1-3 weeks before hearing back; if you are not selected to participate in an in-person interview, you will be notified by email or phone. *Tip: As part of your interview preparation, we recommend you take time to research Cornell University, and in particular, the department housing the position for which you’re applying.*
- **First Interview**: If selected for an in-person interview you will be contacted directly by phone or email to schedule a time. During the in-person interview you’ll meet with the hiring manager and search committee members. This interview is both an opportunity for the hiring team to get to know you better and understand your experience and how it relates to the position; as well as an opportunity for you to get to know the manager, department culture, and gain more insight into the specifics of the position. Click here for some general [interview tips](#).
- **Second and/or Additional Interviews**: In some cases a second-round interview will occur, which generally involves meeting with additional members of the department and other stakeholders.
- **Background Check & References**: Our final step in the evaluation process involves checking references and in some cases completing a background check. We ask that all finalists provide three professional references, including your current or most recent supervisor. For positions requiring it, background checks will be completed by an outside vendor.
- **Job Offer**: If you are the selected candidate, you will receive a verbal offer from either the hiring manager or a human resources representative. We will then send you an official offer letter outlining the terms and conditions of the offer and will include information for the next steps to becoming part of the Cornell University community.
