Faculty, staff, students, and retirees who have been diagnosed with or have had cancer are welcome. It's an opportunity to meet one another, create a community of support, and learn about resources available on campus and in Ithaca.

The group is facilitated by Monica Vakiner, Director of Client Services at the Cancer Resource Center. Bob Riter, Patient Advocate for the Cornell Physical Sciences Oncology Center, is assisting with coordination of this group.

Please note this group is *not* for caregivers of those with cancer. The Cancer Resource Center offers a [caregiver group](mailto:monica@crcfl.net) on the second Tuesday of each month from 5:30 to 7:00 pm at its office (612 West State St.). Cornell Work/Life also offers a [Caregiver Support & Education Network](http://www.cornell.edu/worklife) that meets monthly on campus. Additional cancer support groups are available at the Cancer Resource Center and are listed [here](http://www.cancerresourcecenter.org/). For more information, please contact Monica Vakiner (monica@crcfl.net) or Bob Riter (mr45@cornell.edu).
