### Campus to Campus Bus Support

The Campus-to-Campus (C2C) Bus Service operated by Cornell Transportation Services will ease into operations with a reduced-frequency daily service limited to members of the Cornell community. While C2C hopes to offer free transportation assistance to employees for purposes of health care and other emergencies in the future, requests for such tickets are not being accepted at this time.

Cornell University Transportation Services provides round-trip bus tickets on the Campus-to-Campus Bus to current employees (and one caregiver/companion), free of charge, for purposes of health care and other emergencies. To request a ticket, complete a [Travel Assistance Form](mailto:TravelAssistanceForm). After completing the form, you will be contacted by a ticket coordinator.

### Pick-up/Drop-off Times

Visit the Campus-to-Campus Bus [website](http://www.cornellclubnyc.com) for current bus schedule options.

Plan on arriving at your stop at least ten minutes early; this will not only ensure that you don’t miss the bus, but will allow the driver time to get your belongings aboard, and will allow you time to get settled.

The drivers are directed, to the best of their ability, to leave their stops on time. They will not leave a stop early, even if no one is expected there.

The traveler is considered a "No-show" if they do not board, and the bus has departed the last stop from NYC or Ithaca without them.

- The entire amount originally charged is retained by C2C and the trip is forfeited.
- Missing a departure trip does not automatically cancel the associated return.
- It is the traveler’s responsibility to make any changes or cancellations

### Accessibility

The Campus to Campus buses are lift-equipped, and can accommodate a single wheelchair. Please call 607-254-8747 at least 2 business days in advance to book a wheelchair-accessible reservation.
