

---

## University Response

As a university, we will embrace a phased approach to resuming operations on our campuses – one that is underscored by a commitment to the health and safety of our campus community, while continuing to pursue our core missions of learning, scholarship, innovation and service.

---

## Guiding Principles

Underlying all policies and procedures related to reactivation are [Cornell's guiding principles for COVID-19 response](#).

- Caring for our students.
  - Safeguarding our future as a world-class academic institution.
  - Maintaining our staffing.
  - Seeking new knowledge.
-
