Vaccination

All individuals 12 years of age and older that reside in the United States are eligible to receive the vaccine. Visit https://covid19vaccine.health.ny.gov/ for information on vaccine sites, appointments, and instructions.

Vaccine Registry

All employees - vaccinated or not vaccinated - are required to document their vaccination status through the Daily Check portal. Employees can choose between 4 options:

1. I am fully vaccinated
2. I am fully vaccinated with a multi-brand vaccination (doses are from two different manufacturers)
3. I am partially vaccinated or will be partially vaccinated by August 16, 2021.
4. I will not have started my vaccination by August 16, 2021.

If you choose option 1 or 2, you will be asked to submit proof of vaccination, i.e., a photo of your vaccination card. The upload process should take no more than a few minutes of your time.

If you are not able to be vaccinated for medical, religious, or other reasons, or choose not to be vaccinated, select option 4. You are not required to provide explanation.

More Information

FAQs about vaccination at Cornell are available on the covid.cornell.edu website.

For more information, please access information on the New York State COVID-19 Vaccine What You Need to Know website and/or the Tompkins County Health Department website.

You may submit questions to the Cornell COVID-19 Support Team by clicking here. Direct personal health-related questions to your primary care doctor or medical provider.
