Working at Cornell

Working Remotely

With the COVID-19 pandemic still posing a threat to public health, we need to continue limiting the number of people physically on campus to effectively achieve social distancing. Having employees continue to work remotely to fulfill some or all of their work responsibilities is critical to our continued efforts to reduce density on campus in order to reduce the potential spread of the COVID-19 virus.

REMOTE WORK TIP SHEETS:  For Everyone  |  For Managers  |  For Families  |  For Technology

Request a Flexible Work Arrangement
