Career Development

The Employee Career Success Center supports the growth and retention of internal employees through career consultations, coaching, development of tools and resources, and programming.

Visit the Career Success Center for more information.

Executive Coaching

Our Executive Coaching Program provides services to faculty and staff utilizing Cornell’s certified coaches.
The Executive Coaching Program is a powerful offering that helps our employees develop their leadership skills, build relationships, overcome challenges, accelerate their development, and achieve their goals. Coaching is a deliberate, one-to-one, process utilizing focused conversations to create an environment for individual growth, purposeful action, and sustained improvement.

Coaching serves leaders who are always looking for a way to improve themselves and their organizations. It is a process of self-leadership that enables people to gain clarity about who they are, what they are doing, why they are doing it, and where they want to go. Coaching uses a formal yet personalized approach that breaks down barriers to help achieve greater levels of accomplishment.

CITE

The Cornell Interactive Theatre Ensemble (CITE) uses interactive theatre to facilitate honest dialogue, self-awareness and organizational learning by creating a climate for participants that builds inclusion, fosters collaboration and gives participants knowledge and tools to take back to their own work environments.

CITE programs cover range of topics such as diversity and inclusion, sexual harassment, and major/annual gift officer training.
