Bias Tracking at Cornell

Tracking Program

Since 2000, Cornell University has had a program to track bias that is occurring on all campuses in an effort to be proactive in creating an inclusive climate for all. The Department of Inclusion and Workforce Diversity is responsible for collecting and tracking all reported bias activity that occurs at Cornell University that could potentially impact our commitment to diversity and inclusion, including all reports made by faculty, staff, students, and visitors to the Ithaca, Weill Cornell Medicine, and Cornell Tech campuses.
