**Health Plan**

**New York State Health Insurance Program (NYSHIP)**

Your coverage will terminate 28 days past the last day of the biweekly pay-period in which you work. If you are a member of an Armed Forces Reserve or a National Guard Unit called to active duty by a declaration of the President of the United States or an Act of Congress, The New York State Department of Civil Service will continue coverage for your dependents up to 12 months at no cost to you. You must have had Family coverage for at least 30-days before your activation. If active duty continues beyond 12 months, you will receive a bill monthly by the New York State Department of Civil Service for both the employer and employee share of the premiums (full cost) to continue Family coverage. When you return to work, coverage will be reinstated upon return to the payroll in a benefit eligible position. If you wish to cancel coverage while on Military Leave, please contact HR Services & Transitions Center at (607) 255-3936 to understand any impact to your health insurance when you return to work.

**Basic Life Insurance Plan**

You have 31 days from the date you are no longer active at Cornell to convert this coverage. Those enrolled in NYSERS should contact them to discuss the coverage options.

**Group Universal Life (GUL) Insurance**

Once the employee has missed three months of payroll deductions, they will be billed at home at active rates for one year from the date of the leave. They will then be offered the option to convert the policy. The death benefit is payable while participating in a declared or undeclared war or act of war.

If you do not choose to pay for continued coverage while on leave, you may reapply should you return in a benefits-eligible position.

**Personal Accident Insurance (PAI)**
Once the employee has missed three months of payroll deductions, they will be billed at home at active rates for one year from the date of the leave. They will then be offered the option to convert the policy. The death benefit is not payable for losses incurred while participating in a declared or undeclared war or act of war.

If you do not choose to pay for continued coverage while on leave, you may reapply should you return in a benefits-eligible position.

You are direct billed by CIGNA Group Insurance for continuing coverage while you are on unpaid leave. You will be billed at active rates while on military leave. You will need to continue your coverage if you want to cover your family during this time. However, you need to know that no benefits will be paid for you for loss resulting from declared or undeclared acts of war. No benefits will be paid for loss resulting from an accident that occurs while you are serving on full-time active duty for more than 30 days in any armed forces. You may re-enroll upon re-employment with no medical questions if you choose not to continue coverage during your leave.
