Bring A Child To Work Day 2020

Following the CDC guidelines pertaining to large community events and mass gatherings, Bring A Child To Work Day 2020 has been cancelled.

Thank you to all the organizations and leaders who agreed to facilitate this event with your various activities and performances. This event wouldn’t be possible without you and we are truly grateful for the opportunity you provide this program.

If you have any questions please contact us at bring_a_child@cornell.edu

This year, we're bringing Cornell to you!

Check out Cornell Kids @Home, our virtual “Bring A Child To Work Day” website featuring activities and learning opportunities from across campus, including the Lab of Ornithology, a junior master gardener program for kids from the Cornell Cooperative Extension network, storytelling with Cornell Childcare, weird Cornell trivia with historian Corey Earle ’07, a Big Red activity book from Cornell Athletics, nature videos, and more!
