Retirement and Beyond for Contract College Faculty and Staff

Important information before you retire

Introduction

Cornell offers a wide variety of benefits and programs for contract college faculty and staff during your employment at the university. While some of these benefits end upon retirement, others will continue throughout your retirement years.

The information in this brochure has been prepared to assist you in your planning for retirement. It describes the benefits that are available to you when you retire and answers some of the questions you may have about your future relationship with Cornell.

There is no mandatory age for retirement for Cornell faculty or staff. To receive certain benefits, though, you must be at least age 55 and have ten years of credited service at the university. An employee who retires under any New York State early retirement incentive program adopted by Cornell will be considered a Cornell retiree.

READING THROUGH RETIREMENT AND BEYOND

Retirement and Beyond is intended to be read as an all-inclusive guide to your retirement. Sections should be read in their entirety to ensure important dates and requirements are not missed. If you would prefer to read this guide as a printed handout, download the entire Retirement & Beyond booklet (pdf).

1. Before you Retire

Notify your department

New York State requires that you notify your department in writing at least 21 days in advance of your anticipated retirement date. You also need to contact the HR Services and Transition Center (HRSTC) at least 45 days ahead of your retirement date. It’s not easy to replace long-term employees! Notifying your department well in advance of your anticipated retirement date will allow for adequate succession planning. When you retire, your department will process your retirement status, including accrued vacation days and sick leave. It is important that you confirm this information with your department.

Confirm Your Unused Vacation and Sick Days

Staff will be reimbursed for unused vacation days, up to 30 days. Sick leave will be turned into a credit against future
premiums for your contract college retiree health care plan.

Double-Check Your Beneficiaries

Keep your beneficiary listings for your life insurance, personal accident insurance and retirement plan accounts up-to-date. This information is highly confidential. Only you can check to see who is listed as your beneficiary, and only you can change your designations. Contact CIGNA Group Insurance at 1-(800) 231-1193 to verify your life insurance and personal accident insurance beneficiaries. Contact the investment service provider(s) to confirm your beneficiaries: AIG Retirement Service 1-(800) 448-2524; Fidelity Investments 1-(800) 343-0860; TIAA 1-(800) 842-2776; Voya 1-(800) 584-6001.

2. Health

Health Insurance Eligibility

Contract college employees must satisfy three eligibility requirements in order to continue health insurance benefits as a retiree.

1. You must have had at least ten years of state service, or ten years combined service with the state and one or more Participating Agencies. The Participating Agency must have been a part of NYSHIP (New York State Health Insurance Program) at the time of your employment. Cornell University is a participating Agency.

2. You must be qualified for retirement as a member of a retirement system administered by New York State. If you are not a member of a retirement system administered by New York State, you must satisfy one of the following conditions: you must meet the Employee Retirement Systems tier age requirement in effect at the time you last entered state service or you must be qualified to receive Social Security disability payments.

3. You must be enrolled in NYSHIP either as an enrollee or a dependent at the time of your retirement.

Your health insurance continues in the same plan as an active faculty or staff member. This is converted to a monthly figure and is further reduced by unused sick leave credit.

Contract college employees who have not met the 10 years of service requirement to be eligible for NYSHIP as a contract college retiree may be eligible for the Endowed health plan in retirement. In order to be eligible for the Endowed health insurance plan as a Cornell retiree, you must have worked in a benefits eligible position at the University for at least 10 years and be age 55 or older. In other words, any combination of benefits eligible service in an endowed unit, a contract college unit or a unit of the Weill Cornell Medical College may fulfill the 10-year service requirement in the Endowed health plan. You may be required to show proof of a denial of eligibility.

Note: sick leave is limited to a maximum of 90 days and the maximum sick leave credit is equal to one half the cost of single coverage of the endowed retiree health plan.

Sick Leave Conversion Program

Contract college faculty and staff receive credit for unused sick leave when they retire. A maximum of 200 days can be used. This program allows eligible contract college retirees to convert unused sick leave into a dollar credit. Your Human Resource Representative is responsible for processing your retirement transaction in Workday. The HR Representative must either enter a comment on the Termination with reason of retirement or report via Remedy to Benefits Administration indicating your accrued sick leave balance (in hours). They must include any Sick Leave Overflow, the hourly rate of pay, and any shift, or geographical differential or inconvenience pay needed to process a retirement transaction in Workday. If you have questions about the information and how it is reported, please contact your HR Representative.

Estimate of Sick Leave Credit

1. Determine hours worked in a day: Divide the number of hours in a workweek by 5.

2. Determine HRP (Hourly Rate of Pay): Divide your annual salary at the time of retirement (base annual salary plus additional constant salary factors such as location-pay, shift or geographical differential, or inconvenience pay) by one of the following: 2088 for jobs that are 8 hours a day; 2035.8 for jobs that are 7.8 hours a day; 1957 for jobs that are 7 1/2 hours a day; 1827 for jobs that are 7 hours a day; and 1044 for jobs that are 4 hours a day.

3. Determine the total dollar value of your sick leave: Multiply your hourly rate of pay by the number of sick leave hours
you have accumulated up to a maximum of 1600 hours (200 days @ 8 hours per day).

4. Determine your monthly credit: Divide the total dollar value of your sick leave by your life expectancy from the following table:

**Hypothetical Example**

Faculty member retires at age 65. Salary at the time of retirement is $60,000.

1. Hours worked in a day: 40/5 = 8
2. Determine Hourly Rate of Pay: $60,000/2088 = $28.73
3. Determine total dollar value of sick leave: $28.73 x 1320 hours = $37,923.60
4. Determine your monthly credit: $37,923.60/241 = $157.36
5. Monthly credit amount will be deducted from the amount that you owe for health insurance, if any.

Approximately three months after your retirement date, the New York State Department of Civil Service will send you a letter verifying the amount of the credit. It will also confirm the amount of health insurance owed, if any.

**Dual Annuitant Sick Leave**

The Dual Annuitant Sick Leave Credit allows you to specify that you want your dependent survivors to be able to use your monthly sick leave credit toward their NYSHIP premium if you die. If you want this option, you must choose it before your last day on the payroll by completing the Dual Annuitant Form and submitting it to HR Services & Transitions Center (HRSTC).

If you choose the Dual Annuitant Sick Leave Credit, you will use 70% of your sick leave credit towards your premium for as long as you live. Your eligible dependents who outlive you may continue to use 70% of the monthly credit for their NYSHIP premium. Please refer to the previous example. If the Dual Annuitant Credit was selected prior to retirement, the amount of the sick leave credit would be $110.15 (70% of $157.36).

If you do not indicate a choice before your retirement, all of your sick leave credit (up to a maximum of 200 days) will be applied to your premium automatically. No sick leave credit will be applied to your dependent survivors’ coverage. (The credit cannot be applied toward a COBRA premium or conversion contract.) Once a choice has been made, it cannot be changed.

**Retiring Under Age 65**

If you are under age 65 and not eligible for Medicare due to disability when you retire, your health insurance continues in the same plan, either with the Empire Plan or with an HMO that services the area in which you live. If your covered dependent spouse/domestic partner/child is age 65 or turns 65 after your retirement, or eligible for Medicare due to disability, he/she should contact Social Security Administration to enroll in Medicare Parts A and B.

As Medicare eligible dependents, they will also be automatically enrolled in the Empire Plan Medicare RX provided they are enrolled in Medicare Parts A and B. They will receive their own personal Empire Plan Medicare RX ID card with a unique identification number to be used only when purchasing prescription drugs.

Non-Medicare primary dependents will continue to use the Empire Plan benefit card for prescription drug benefits, as well as medical/surgical, hospital, and mental health and substance abuse. For more information concerning the Empire Medicare RX plan, call the Empire Plan, 1-877-7NYSHIP (1-877-769-7447), and listen to the prompts for Empire Plan Medicare RX.

**Retiring At Age 65**

3
If you or your covered dependent spouse/domestic partner/child is age 65 or over at the time of your retirement, or turns age 65 after your retirement, be sure to contact the Social Security Administration three months prior to let them know that you are retiring. They will assist you and/or your dependent spouse/domestic partner/child in enrolling in Medicare Parts A and B. Medicare Part A is at no cost, but Medicare Part B does require a premium, and higher income beneficiaries will pay more.

It is important that you enroll in Medicare Parts A and B three months prior to eligibility to insure that you continue to receive complete health insurance under NYSHIP. Medicare will become your primary insurer and NYSHIP your secondary insurer. Medical claims are filed first with Medicare and then with NYSHIP.

The Empire Plan will automatically enroll Medicare primary enrollees and Medicare primary dependents in the Empire Plan Medicare RX provided they are enrolled in Medicare Parts A and B. The Empire Plan Medicare RX (PDP) for Medicare primary enrollees and Medicare primary dependents combines Medicare Part D prescription drug benefits with supplemental prescription drug coverage. They will receive their own personal Empire Plan Medicare RX ID card with a unique identification number to be used only when purchasing prescription drugs. You will continue to use the blue Empire Plan benefit card for medical/surgical, hospital, and mental health and substance abuse services. If you are covering Non-Medicare primary enrollees and dependents, they will continue to be covered for prescription drugs under The Empire Plan Prescription Drug Program. Non-Medicare primary dependents will continue to use the blue Empire Plan benefit card for prescription drug benefits, as well as medical/surgical, hospital, and mental health and substance abuse. For more information concerning the Empire Medicare RX plan, call the Empire Plan, 1-877-7-NYSHIP (1-877-769-7447), and listen to the prompts for Empire Plan Medicare RX.

If you are retired and you or your covered dependent will turn age 65 soon, you should contact the Social Security Administration to register for Medicare. You can reach the Social Security office by calling (800) 772-1213, or use their local number in the Ithaca area, (866) 706-8289.

Retirees eligible to continue health insurance in retirement also receive a great financial benefit to offset the cost of Medicare Part B. The state will reimburse you an amount equal to the usual cost of Medicare Part B coverage when Medicare becomes your primary coverage unless you are receiving reimbursement from another source. If you have family coverage, you will also be reimbursed for your Medicare-eligible dependents. If you or your eligible dependents do not apply for Medicare when eligible, your benefits in the Empire Plan or your HMO will be drastically reduced.

The New York State Department of Civil Service automatically reimburses you the Medicare Part B premium at age 65. However, if you become eligible for primary Medicare coverage before your 65th birthday, or your enrolled dependent becomes eligible for primary Medicare coverage before his/her 65th birthday due to disability, you must notify the New York State Department of Civil Service Employee Benefits Division in writing. Be sure to include a copy of the Medicare identification card along with your name and identification number on the photocopy.

---

**Retiring After Age 65**

If you are age 65 or over and retire, you need to contact the Social Security Administration Office three months prior to your retirement date to inform them that you are retiring, as Medicare will become your primary payer for health insurance. If your covered dependent spouse/domestic partner/child is age 65 or turns 65 after your retirement, then he/she should contact the Social Security Administration and enroll in Medicare Parts A and B.

The Empire Plan automatically enrolls Medicare-primary enrollees and Medicare primary dependents in Empire Plan Medicare RX provided they are enrolled in Medicare Parts A and B. The Empire Plan RX (PDP) for Medicare primary enrollees and Medicare primary dependents combines Medicare Part D prescription drug benefits with supplemental prescription drug coverage. You will receive your own personal Empire Plan Medicare RX ID card with a unique identification number to be used only when purchasing prescription drugs. You will continue to use the blue Empire Plan benefit card for medical/surgical, hospital, and mental health and substance abuse services. If you are covering Non-Medicare primary enrollees and dependents, they will continue to be covered for prescription drugs under The Empire Plan Prescription Drug Program. Non-Medicare primary dependents will continue to use the blue Empire Plan benefit card for prescription drug benefits, as well as medical/surgical, hospital, and mental health and substance abuse. For more information concerning the Empire Medicare RX plan, call the Empire Plan, 1-877-7-NYSHIP (1-877-769-7447), and listen to the prompts for Empire Plan Medicare RX.

The New York State Department of Civil Service automatically reimburses you the Medicare Part B premium at age 65. However, if you become eligible for primary Medicare coverage before your 65th birthday, or your enrolled dependent becomes eligible for primary Medicare coverage before his/her 65th birthday due to disability, you must notify the New York State Department of Civil Service Employee Benefits Division in writing. Be sure to include a copy of the Medicare identification card along with your name and identification number on the photocopy.

The Empire Plan Medicare RX for Medicare and Medicare Part D Coverage

The prescription drug coverage for Medicare primary enrollees and dependents under The Empire Plan includes a Medicare Part D prescription drug program that has been expanded to provide a benefit level that is generally as good as, or better than, the benefits provided under The Empire Plan Flexible Formulary. The combination of these benefits is called Empire Plan Medicare RX.

You must enroll in Medicare Parts A and B when you become eligible due to retirement at age 65 or older or disability. Then you (and your Medicare eligible dependents) should be automatically enrolled in the Empire Plan Medicare RX.

In the past, NYSHIP materials have indicated retirees should not enroll in a Medicare Part D Plan. NYSHIP clarifies you should not enroll in a Medicare Part D plan outside of NYSHIP. NYSHIP Medicare Advantage HMOs have included Medicare Part D coverage for many years, and now the Empire Plan includes Part D coverage as of January 1, 2013.

The Empire Plan Medicare RX is not a standard Medicare Part D Plan. UnitedHealthcare has worked with the state to customize this plan so you do not have a coverage gap (“donut hole”) but you continue to pay your usual payments.

Note: The Department of Civil Service advises that according to Medicare rules, you can be enrolled in only one Medicare Part D plan at a time. If you are currently in another Medicare Part D plan or a Medicare Advantage Plan which includes prescription drug coverage, your enrollment in Empire Plan Medicare RX will automatically end your other enrollment.

If you do not wish to remain in the Empire Plan (includes the Empire Plan Medicare RX), you will be able to change to a NYSHIP HMO. For more information regarding your health plan choices as a retiree and to carefully consider your options, please contact the Department of Civil Service at 800-833-4344.

Individuals with limited incomes may qualify for Medicare’s “Low Income Subsidy” or “Extra Help” program to help pay for their prescription drug costs. For more information contact:

- The Empire Plan at 1-877-7-NYSHIP (1-877-769-7447), press “4” and then “1” when prompted for Empire Plan Medicare RX
- Your local Social Security office
- Your state Medicare office; or, call 1-800-MEDICARE (1-800-633-4227)

For more information concerning the Empire Medicare RX plan, call the Empire Plan, 1-877-7-NYSHIP (1-877-769-7447) and listen to the prompts for Empire Plan Medicare RX.

All Retirees, Regardless of Age

If you receive your retirement benefit from the New York State Employees’ Retirement System (NYSERS), your remaining premium, if any, will be deducted from your retirement check, once New York State completes the final calculation of your retirement benefit. Until then, you will be billed monthly by the New York State Department of Civil Service for any premium due. If you are receiving your retirement benefit from the Optional Retirement Plan through TIAA-CREF, or you are receiving your retirement benefit from the Federal Retirement System, you will be billed on a monthly basis from the New York State Department of Civil Service Employee Benefits Division for any premium due.

As a retiree, you are able to make changes to your health insurance option at any time, but only one change is allowed in a 12-month period. You can make these and other health insurance changes by contacting the New York State Department of Civil Service Employee Benefits Division. A waiting period may apply to certain changes. To make any changes regarding your health insurance coverage, call the New York - 8 - State Department of Civil Service Employee Benefits Division at (800) 833-4344.

If you are receiving a retirement check from NYSERS, the Medicare Part B premium refund will be added to this check and will be reflected as a Medicare credit on your retirement check stub.

If you are making direct payments to the Employee Benefits Division, the reimbursement for the Medicare Part B premium for
you and your dependents enrolled in Medicare will be applied to reduce your monthly premium payments. Any excess will be refunded to you on a quarterly basis.

**Dental Insurance**

**Retiring Under Age 65**

Preferred Dental Insurance with Emblem Health (formerly GHI) terminates 28 days past the last day of the biweekly pay period in which you retire. You will receive a COBRA (Consolidated Omnibus Budget Reconciliation Act) continuation of coverage notice from the New York State Department of Civil Service Employee Benefits Division. Under COBRA you may continue the same dental coverage you had as an active employee on a month-to-month basis for up to 36 months. You will remit your payments for the coverage directly to the New York State Department of Civil Service Employee Benefits Division. If you are under 65 and continue dental insurance through COBRA, and you turn 65 before the 36-month continuation period is completed, your COBRA coverage will terminate when your Medicare benefits start. Once you are eligible for Medicare, you will only be able to continue dental benefits through the Emblem Health Retiree Dental Plan.

You will also receive a conversion notice from Emblem Health offering dental coverage with the Emblem Health Retiree Dental Plan. Be sure to review this information carefully as the level of benefits through this plan is not the same as the benefits through the Emblem Health Preferred Dental Plan. If you wish to enroll in the Emblem Health Retiree Dental Plan, you will need to complete the application and remit payments directly to Emblem Health.

If you elect to continue coverage under COBRA, and do so for the full 36-month period, you will again receive a Emblem Health Retiree Dental Plan application at the end of the 36-month period.

**Retiring Over Age 65**

If at the time of retirement, you are over the age of 65, you will be eligible to continue your dental insurance through COBRA for the full 36-month period.

**Flexible Spending Accounts**

If you retire and there is a balance left in your medical Flexible Spending Account, you can continue to receive reimbursement of medical expenses incurred prior to your date of termination. Federal regulations permit you to continue to receive reimbursement of medical expenses incurred after your date of termination only if you continue to participate in Flexible Spending Accounts by making after-tax contributions during the remainder of the same calendar year of your retirement. You can continue your coverage by enrolling in COBRA administered by Payflex. Payflex will send you COBRA materials.

You can continue to remit dependent care expenses incurred during the plan year against any unused balance until the funds in your account are exhausted or the plan year ends, whichever comes first.

All claims must be received by the administrator within the time frame for claims submission for that year, which is April 30 following the calendar year of participation. Contact HR Services & Transitions Center at (607) 255-3936 for additional information.

### 3. Retirement Plans

**Employees’ Retirement System (ERS) with the New York State and Local Retirement System (NYSLRS)**

You are eligible for a service retirement benefit if you have:

- Reached age 55 and have 5 or more years of credited service for Tiers 1, 2, 3 and 4, or
- Reached age 55 and have 10 or more years of credited service for Tier 5 and 6,
  and
- Terminated your contract college position or retired

Other policies may be in effect for state-sponsored early retirement incentives. If you begin distributions and return to a
contract college or state position, there are limits to the amount you can earn. If you were to exceed the limit, your distributions could be affected.

Benefit Distribution

Applications MUST be on file with the New York State Comptroller at least 15 days, but not more than 90 days, before the date in which your retirement will occur. You cannot be paid the day you retire. Your last day on payroll must be the day before your retirement date.

To obtain an application for Service Retirement form (RS6037) contact:

- HR Services and Transitions Center (HRSTC)
- Retirement System's office in Albany, or
- Visit the New York State website: www.osc.state.ny.us/retire

Benefit Formula

Your Employees' Retirement System (ERS) benefits with New York State and Local Retirement System (NYSLRS) are based upon your Final Average Salary (FAS) and Years of Service (YOS). Final Average Salary for Tiers 1-5: Best (highest) consecutive 36 months of salary averaged together. Final Average Salary for Tier 6: Best (highest) consecutive 60 months of salary averaged together. Years of Service: Full time equivalent years as a member of NYSERS. See Appendix (page 22) for Benefit Formula for your tier.

Payment Options

At retirement, you must decide how you want your retirement allowance paid. You will receive a list of options after you request an estimate from NYSLRS, or after you submit your retirement application to the New York State Comptroller. A list of these options is also available from NYSLRS website https://www.osc.state.ny.us/retire/planning/options.php or by contacting the HR Services and Transition Center (HRSTC).

In planning for retirement, it is important to emphasize that it will take several months before a final calculation of your benefit amount can be completed. In the meantime, one or two months after your separation from Cornell, you will receive a partial amount of your estimated benefit until the final calculation is completed. Once the final calculation is completed, you will receive an arrears payment for the difference not previously paid to you.

Because our office cannot offer recommendations on the payment option most suitable for you, or the tax implications, you may want to discuss your options with a professional who understands the complexities of your elections, including tax law. Note however, distributions from NYSLRS will be subject to Federal Income Tax, but distributions will NOT be subject to New York State Income Tax if you remain a New York State resident.

You also should be aware that you may forfeit certain benefits to which you would otherwise be entitled based on the date you leave Cornell Contract College payroll and the date you start collecting your retirement benefit from NYSLRS. Because Cornell does not administer your ERS benefit, we strongly encourage you to contact NYSLRS when making decisions regarding your retirement to ensure that you protect your eligibility benefits. To contact NYSLRS, please call 1-(866) 805-0990 or visit www.osc.state.ny.us/retire.

Also, to assist you with the planning stage of retirement with New York State, we recommend you visit the NYSLRS website https://www.osc.state.ny.us/retire/preparing_for_retirement/index.php.

State University of New York Optional Retirement Program (SUNY ORP)

Under the State University of New York Optional Retirement Program (SUNY ORP), you may elect to receive distribution at any age following termination from statutory service, or if you are either receiving benefits under the Cornell Long-Term Disability program, or collecting Social Security disability benefits.

Other policies may be in effect for state-sponsored early retirement incentives. If you begin distributions and return to a contract college or state position, there are limits to the amount you can earn. If you were to exceed the limit, your distributions could be affected. Social Security

When you work and pay Social Security taxes, you earn “credits” toward Social Security benefits. The number of credits you need to get retirement benefits depends on when you were born. If you stop working before you have enough credits to qualify for benefits, the credits will remain on your Social Security record. If you return to work later, you can add more credits to qualify; however, Social Security Administration cannot pay any retirement benefits until you have the required number of credits. You can apply for retirement benefits online at www.socialsecurity.gov, or by contacting them directly at 1-(800) 772-1213 (TTY 1-(800) 325-0778). Or you can make an appointment to visit any Social Security office to apply in person.

4. Life Insurance in Retirement

Basic life insurance is available to contract college faculty and staff who are at least age 55 and have at least ten years of service with the university, provided you meet the requirements described below. Those enrolled in the New York State Employees’ Retirement System are not eligible for basic life insurance through CIGNA.

As a retiree, you will be able to view your retiree life insurance balance and enter your beneficiary information online on the CIGNA Trusted Advisor website: cornelltreeree.cignatrustedadvisor.com. Once you have a completed the online process for designating beneficiaries that will be recognized as your most recent record. The basic life insurance will be reduced by the amount of any death benefits payable under the New York State Survivor's Benefit Program or the New York State Employees’ Retirement System.

Basic Life Insurance

$3,000 Retiree Life Benefit

If you were younger than age 50 on January 1, 1980, or if your coverage through the Group Life Insurance Plan began after January 1, 1980, and you have had at least ten years of service, you will receive a $3,000 life insurance policy, currently provided at no cost.

Contract college employees will have the $3,000 amount reduced by the amount of any death benefits payable under the Survivor's Benefit Program of the State of New York Department of Civil Service or the New York State Employees’
Employees who retire from the university with a $3,000 benefit have the option to convert the difference between their active Basic Life Insurance amount and $3,000.

The cash value that is not being used to fund your insurance coverage can be withdrawn to supplement your retirement income.

You may also want to consider using the money in your Cash Accumulation Fund to “pre-fund” or prepay your retirement life insurance. When you retire, you can use all or some of the money in the fund to purchase a specified amount of paid-up insurance. By purchasing paid-up insurance, you will not need to make any additional payments to keep the policy in force.

### 5. Other Plans And Policies

**Personal Accident Insurance (PAI) Conversion**

As a participant in the PAI plan, you and your eligible dependents may convert your insurance coverage to an individual policy if you are under age 70. A medical examination is not required to obtain an individual conversion policy. You have 31 days after your retirement date to complete an application for an individual policy.
