STATEMENT OF PURPOSE

It is the purpose of this Agreement to establish the terms and conditions of employment, and to encourage a constructive, mutually respectful working relationship between Local 2300 and Cornell University.

The Union recognizes the educational and research mission that Cornell University provides. The University recognizes the mission of Local 2300 in providing a collective voice for service and maintenance workers on campus.

Both parties agree to strive toward resolution of conflict in a constructive, mutually respectful manner. Both parties agree that full and open dialog prior to decisions affecting the other is essential to a healthy relationship. Both parties recognize that all Cornell staff and students deserve to be treated with respect and dignity.

ARTICLE 1
RECOGNITION

The University recognizes the Union as the exclusive representative for the purpose of collective bargaining in respect to wages, hours, and other conditions of employment of all non-exempt non-academic regular full-time and regular part-time service and maintenance employees located within Cortland and Tompkins Counties, New York, as certified by the National Labor Relations Board by case 3-RC-7939 and within the specific job classifications listed in Appendix A. Full-time employees shall be those defined as regularly scheduled to work a minimum of thirty-five (35) hours per week. Part-time employees shall be those defined as regularly scheduled to work a minimum of twenty (20) hours per week but less than thirty-five (35) hours per week. Excluded from the unit and from coverages under this Agreement are all student employees, confidential employees, administrative and clerical employees, technical employees, temporary and casual employees, employees represented by a certified representative, agricultural employees, guards, supervisors as defined in the National Labor Relations Act, and all other employees not in the classifications listed in Appendix A.
Temporary employees shall be limited to:

1. employees hired for up to six (6) consecutive months in one department.
   Fall Break, Winter Intersession, and Spring Break shall be considered a
   pause in service when determining six (6) months of consecutive temporary
   service;
2. employees hired to replace other employees on a paid or unpaid leave of
   absence, e.g., disability; and
3. employees considered temporary by special agreement between the Union
   and the employer.

Temporary employees, other than those in (b) and (c) above, scheduled to
work at least 20 hours per week with a term of employment of six consecutive
months or longer in one department are considered regular employees except
for the bumping and recall provisions of Article 14, Layoff and Recall.

Upon request, the University will inform the Union regarding the status of a
temporary position.

The University shall notify the Union whenever the University establishes a
new unit classification that does not correspond with any of the classifications
contained in Appendix A of this Agreement. The Union may request a
meeting with the Director of Staff & Labor Relations to discuss the
classification and grade level of that position.

The University's determination of a job's classification, including its job title
and grade level, is final, unless it is shown to be arbitrary or capricious, in
which event the matter will be referred to Step 3 of the Grievance and
Arbitration Procedure, Article 11.

ARTICLE 2
TERMS OF AGREEMENT

This Agreement constitutes the full, complete, and final understanding and
agreement of the parties for the duration hereof. The parties voluntarily and
unqualifiedly waive the right, and each agrees that the other shall not be
obligated, to bargain collectively with respect to any subject or matter whether
referred to or covered in this Agreement, even though such subject matter may or may not have been within the knowledge or contemplation of either or both parties at the time that this Agreement was negotiated or signed. The execution of this Agreement shall not result in any abridgment of the rights retained by the University pursuant to Article 3.

It is agreed by and between the parties that any provision of this Agreement which is subject to funding by the State of New York shall not become effective until appropriate approval by the State.

**ARTICLE 3**
**MANAGEMENT RIGHTS**

It is agreed that the University retains all of the rights, powers and authority possessed by the University prior to the execution of this Agreement and that nothing in this Agreement shall be construed to limit the University in any way in the exercise of these rights, except to the extent that these rights are specifically relinquished, restricted or modified by the express provisions of this Agreement. These rights shall include, but shall not be limited to the right to:

1. determine the mission, purposes, objectives, policies, and programs of the institution;

2. determine the facilities, methods, standards, and means of operation, and number and qualifications of personnel required for the conduct of its program;

3. determine and/or alter work schedules, hours of employment, and the duties, responsibilities and assignments of employees with respect hereto;

4. recruit, hire, approve, train, retain, evaluate, transfer, promote, demote, layoff and recall employees;

5. determine or change job content, classify or reclassify positions and allocate or reallocate new or existing positions;
6. discipline or discharge employees in accordance with the provisions of this Agreement and rules and regulations promulgated hereunder;

7. promulgate, modify and enforce rules and regulations and qualitative and quantitative standards of performance;

8. although the University retains the right to subcontract unit work, the University agrees that it will make reasonable effort to avoid employee layoffs where sub-contracting may eliminate unit jobs; and,

9. change existing, or introduce new equipment, operations, methods, processes, means or facilities as determined to be in the best interest of the University.

Nothing contained herein shall constitute a waiver of the right of the University to exercise other normal functions of management not enumerated above. Furthermore, the exercise or non-exercise of rights hereby retained by the University shall not be deemed a waiver of any such right or prevent the University from exercising such rights in any way in the future.

**ARTICLE 4**

**UNION SECURITY**

All employees covered by this Agreement who were members of the union as of July 1, 1985 shall continue to pay to the union amounts equal to the union's regular fees and dues for the duration of the Agreement.

Any employee hired from July 1, 1985 and thereafter, shall be required, as a condition of employment, to pay an amount equal to the union's regular fees and dues for the duration of the Agreement. Employees hired prior to July 1, 1985 who, on July 1, 1985 had elected not to pay dues are under no obligation to become members or pay dues.
ARTICLE 5
DUES CHECKOFF

The University agrees to deduct an initiation fee and thereafter bi-weekly the regular Union membership dues from the wages earned by any member of the Union covered by this Agreement and to remit such dues monthly to the Union, provided such employee previously has signed a written authorization and direction to make such deduction to the appropriate University Payroll Managers.

With each remittance, the employer will provide the Union with a list of names of employees and the dates and amounts of deductions made for each employee. The University shall remit the Dues Checkoff check to the Union within seven (7) days of the last payroll date of the month.

In the event that an employee who has authorized payroll deductions for dues, falls into arrears for one (1) month's dues or less as a result of an unpaid leave of absence or layoff, the University shall deduct that amount, in addition to usual dues deductions, from the employee's paycheck within one (1) month following the Union's notification to the University of the employee's name, social security number, the amount of dues owed and the period for which they are owed. Further, the Union is required to send notice to the employee via first class mail that the Union has requested that the University take this deduction. The Union shall indemnify the University against any and all claims, demands, suits, or other forms of liability that may arise out of action taken or not taken by the University at the Union's request for the purpose of complying with any of the above provisions.

Hardship Fund and VCAP Check-Off
Employees shall have the option of enrolling in a voluntary Hardship Fund and or VCAP Check-off. The employee shall have the right to enroll in the fund or VCAP at reasonable, specified times agreed upon by the Union and the University.

Enrollment shall be by written authorization signed by the employee directing the University to make the Hardship Fund and or VCAP deduction.
ARTICLE 6
NO STRIKE GUARANTEE

Under no circumstances shall the Union, its officials, its employees, its affiliates, or its members, directly or indirectly cause, instigate, permit, support, encourage or condone, nor shall any employee or employees, directly or indirectly, take part in any action against or interference with the operations of the University such as a strike, work stoppage, sit-down, stay-in, slow-down, curtailment of work, restriction of production, or any picketing, patrolling or demonstrations at any location whatsoever during the term of this Agreement and as a continuing obligation.

In the event of any such action or interference, and on notice from the University, the Union without any delay shall take whatever affirmative action is necessary to prevent and bring about the termination of such action or interference. Such affirmative action shall include immediate disavowal and refusal to recognize any such action or interference and the Union immediately shall instruct any and all employees to cease their misconduct and inform them that their misconduct is a violation of the Agreement subjecting them to disciplinary action, including discharge.

Nothing herein shall preclude the University from seeking legal or other redress of any individual who has caused damage to or loss of University property or from taking disciplinary action, including discharge, against any employee. Any such disciplinary action taken shall not be reviewable through the grievance and arbitration procedures, except for the fact question of whether the employee took part in any such action or interference.

The University agrees that it will not lock out its employees during the term of this Agreement.
ARTICLE 7
FAIR EMPLOYMENT PRACTICES

The University and the Union recognize their mutual obligations that the provisions of this Agreement be applied to all employees covered by this Agreement without regard to race, color, creed, religion, age, sex, sexual orientation, gender identity or expression, union activity, marital status, citizenship, disability, national or ethnic origin, or protected veteran status. Any employee claiming he/she was discriminated against based upon one (1) of the above-noted protected categories may file a grievance at Step 3 of the Grievance Procedure, Article 11 of the Agreement.

The University and Union recognize their mutual obligations under the various Affirmative Action and Equal Employment Opportunity statutes and regulations and labor laws.

The University and the Union will exercise their respective responsibility for non-discrimination in employment rights for workers with disabilities, as mandated by the Americans with Disabilities Act.

In keeping with our mutual interests to diversify the work force to be more inclusive of affirmative action protected groups (i.e., minorities, women, veterans, and people with disabilities) at all levels, the Union and the University agree to the following:

- to work together with community agencies, local educational institutions and other resources to identify and recruit potential candidates for employment
- to work jointly to guarantee access to and participation in diversity and sensitivity education for members of management and the bargaining unit
- to expand access to and participation in career training and equal opportunities through such programs as:
  - CLASP (Community Learning and Service Partnership)
In order to meet our goals, the parties may mutually agree to waive contractual provisions, (e.g., seniority, right to hire most qualified), on a case-by-case basis.

Requests from employees seeking access to classes available through the CLASP program during working hours will not be unreasonably denied. Denials of such requests will be subject to grievance up to and including Step 2 only.

Diversity/Inclusion

The University and the Union recognize that a diverse workforce is a necessary component for the enrichment of the entire Cornell community.

The University and the Union affirm that active steps will be taken to ensure that women, minorities/underrepresented groups, persons with disabilities and veterans at all levels are represented in applicant pools and the bargaining unit workforce. This representation should be in proportion to their availability in the relevant labor market.

The University and the Union will work collaboratively to deliver information concerning career development and promotional opportunities within Cornell’s workplace to our minority populations, and that the opportunity to take advantage of these programs be guaranteed to every member of the bargaining unit.

The University and the Union will work collaboratively to plan and implement educational training programs that focus on supporting diversity as
well as awareness of harassment and discrimination for bargaining unit members and their supervisors.

For the duration of the contract period, the University and the Union will establish a Diversity Advocate Committee. The committee will consist of three (3) members of management, three (3) members of the bargaining unit, a representative of Office of Inclusion and Belonging, and a member of the Cornell community to be jointly selected by the University and the Union. The Committee will meet at least quarterly to uphold the principles outlined in this statement on Diversity. In furtherance of this, the Committee is empowered to review problems in hiring and promotion that depart from the spirit and letter of this statement with a view to making recommendations for their rectification; and is empowered to inventory minority and underrepresented employees to create a list of promotional opportunities. The committee shall provide reports periodically to the Director of Inclusion and Belonging and the Vice President of Human Resources who will review any recommendations and respond in writing.

ARTICLE 8
UNION REPRESENTATION

The University recognizes the obligation of the Union to represent employees in the bargaining unit.

The Union shall furnish the University with a list of all Union representatives and officers on a quarterly basis and shall promptly notify the University in writing of any change. This list shall also include the areas for which each steward and zone representative are responsible. The University shall recognize all Union representatives and officers upon official notification to Staff & Labor Relations office of their election or appointment.

The University shall grant the Union up to two hundred (200) days annually of unpaid leave for the purpose of conducting Union business. For purposes of this provision, the employee will accrue sick leave and vacation benefits for up to ten (10) days of unpaid union business leave. However, this limit shall be waived for ten (10) zone representatives, a list of which shall be provided
to Staff & Labor Relations on a quarterly basis. Additionally, this limit shall be waived for all zone representatives during negotiations. Where feasible employees will be excused for such leaves provided that the University is given five (5) working days of advanced notice prior to the date of the leave. The Union will provide Staff & Labor Relations with advance notice of union meetings which could result in significant requests for union business leave.

The Union shall attempt to distribute union responsibilities, paid and unpaid, in an effort to minimize the impact of time away from work.

For purposes of negotiating a successor agreement, the University will reimburse up to ten (10) employees for lost work time as a result of negotiating sessions with the University.

The University will allow a union representative up to one hour of union business leave to orient new bargaining unit employees.

The University shall grant up to three (3) employees a full-time leave under the terms of the Long-Term Personal Leave of Article 22 for a period of up to a calendar year for the purpose of holding a Local Union office. When the employee's leave expires, the employee shall be returned to his/her department to the classification and grade last held by the employee, bumping the least senior University employee in that classification and grade. The salary of the employee upon return shall be equal to his/her last rate of pay plus any increments that may have accrued during the leave. This leave is subject to annual renewal at the discretion of the University.

The Union shall notify the Director of Staff & Labor Relations in writing of its intent, at least one calendar month prior to the expiration of the leave, to either return to work, request an extension of the leave, or terminate the leave.

**ARTICLE 9**

**SENIORITY**

Seniority is defined as the length of time an employee has been continuously employed by the University within the bargaining unit.
Provisionary Period
New employees shall be considered provisionary employees for the first 90 calendar days of employment commencing with the first day of employment. Periods of temporary layoff, disability and workers' compensation shall extend the provisionary period accordingly. However, if an employee has worked as a temporary for three (3) consecutive months or more and is subsequently hired without a break in service into a bargaining unit position in the same department with similar job duties, such employee will be subject to a provisionary period of thirty (30) calendar days. The University may extend the provisionary period for up to an additional ninety (90) calendar days with the written approval of the Union President, or designee. Upon satisfactory completion of the provisionary period seniority shall commence, retroactive to the last date of hire. During their provisionary period, employees shall have no seniority rights and may be terminated at the sole election of the University and without recourse to the grievance and arbitration provisions of this Agreement. If a new employee was employed as a temporary employee in a bargaining unit position, and there is no break in service between the period of temporary service and regular service, the new employee, upon successful completion of the provisionary period, shall be credited for that time served as a temporary employee for the purposes of seniority calculation. Fall break, winter intersession and spring break shall not be considered as a break in service period for seniority purposes.

Any employee transferred from a position excluded from the bargaining unit shall have no seniority if transferred into the bargaining unit. Such an employee shall be considered a "new hire" for seniority purposes. Employees who transfer out of the bargaining unit to accept a supervisory position or other position not included in the bargaining unit shall have their seniority frozen as of the date of transfer. Should the University desire to return the employee to the bargaining unit, their seniority that accumulated prior to the transfer shall be restored and they will return to any available job to which their seniority entitles them. Any employee on layoff or absent due to work related illness or injury shall continue to accrue seniority.
Employees hired on the same date shall rank for seniority according to the last four (4) digits of their social security number with the employee having the highest number being given the highest rank.

**Loss of Seniority**

Continuity of service with the University shall be considered broken and seniority rights shall cease for any of the following reasons.

1. The employee resigns or is discharged for cause.
2. The employee retires from Cornell University.
3. The employee is laid off for a period of twenty-four (24) consecutive months.
4. The employee is absent from work for three consecutive working days without directly notifying the supervisor or the departmental administrator in keeping with departmental procedures and provided the failure to notify is not due to circumstances beyond the control of the employee.
5. The employee fails to return to work for three consecutive working days, provided the failure to return to work is not due to circumstances beyond the control of the employee, after:
   - the expiration of an approved leave of absence,
   - recall from layoff,
   - the expiration of vacation,
   - or disciplinary suspension,
   - expiration of disability or workers' compensation status
6. The employee fails to return to employment at Cornell within one (1) year following the expiration of Short-Term Disability Leave.
7. An employee on a continuous absence from work due to a work related injury or illness who fails to return to work within one (1) year of a determination by a physician that the employee is permanently disabled.
The University shall provide the Union with a master list or disk (when available) of all bargaining unit employees quarterly, showing the name, seniority, date of employment, classification, wage grade and department of each employee.

ARTICLE 10
FILLING JOB VACANCIES

The University will post all job openings which may occur in the bargaining unit.

Barring unforeseen circumstances, posted positions shall be filled within a reasonable length of time. Upon request, the University will inform the union regarding the status of a position if it is not filled within a reasonable length of time.

The University shall regularly provide the job posting information to the Union office through the University's normal distribution routine.

Whenever possible, each posting of a bargaining unit position shall indicate whether it is an endowed or statutory position, location, grade, classification, and work schedule.

Qualified employee candidates are to be given preferential consideration for any vacancy within the institution and, to that end, at least the two most senior applicants who, in management's judgment, meet the minimum qualifications for any vacant position, shall be interviewed and have their application reviewed. Supervisors should encourage and support their employee’s pursuit of Cornell career opportunities. It is agreed that such openings should be filled by the person most qualified to perform the work. If all relevant factors such as experience and qualifications are equal, then the employee with the most bargaining unit seniority will be awarded the position.

If an employee has occupied a position for fewer than six (6) months, that employee may request to apply for a promotion to a different department.
through their supervisor. Lateral transfers within a department shall not be considered a change of position for the purposes of this provision.

Any employee who has applied through normal Division of Human Resources application procedures to a posted bargaining unit position can check the status of their application on the Cornell job web site at any time.

**Return to Work**

The University will give particular consideration in the hiring process to applicants who are qualified bargaining unit members who have lost their positions due to the expiration of a short term disability or workers’ compensation leave. The University and the Union mutually agree to assist the employee and hiring managers in this process. This provision shall apply to individuals who have seniority in accordance with items #6 and #7 under Article 9, Seniority.

**Provisional Employment**

On an ad-hoc basis, the parties may mutually agree to identify a posted position to which the most senior qualified employee applicant may be assigned to on a trial basis. The length of such trial period shall be mutually agreed to by both parties. These opportunities will not be unreasonably denied.

If the employer believes that the employee, as specifically demonstrated by his/her performance in the position, cannot perform the job duties, then such employee shall be returned to his/her former position from which he/she was transferred. The employee also has the option to return to his/her former position during the trial period.

The employee will be paid during the trial period in accordance with the provisions outlined below.

**Promotions, Demotions, Lateral Movements and Reclassifications**

1. Any employee hired after July 1, 1994 who is promoted or reclassified will be paid at the Hire Rate or Job Rate of the grade as appropriate. The reverse shall apply in the case of a demotion.
2. Any employee hired before July 1, 1994 who is promoted or reclassified will remain in the same Step in the higher grade and will be paid at the rate for that Step for which the employee is promoted. The reverse shall apply in the case of a demotion.

3. An employee who moves laterally will remain at the same base hourly rate.

ARTICLE 11
GRIEVANCE PROCEDURE AND ARBITRATION

1. "Grievance" within the meaning of the Agreement shall be defined as any matter involving the interpretation or application of this Agreement which alleges a violation of the rights of an employee or the Union under the terms of this Agreement.

2. Whenever an employee refuses or fails to initiate a grievance upon occurrence of an alleged violation of the rights of that employee under the terms of this Agreement, the Union may file a grievance in the name of the employee at Step 2 of the Grievance Procedure.

3. When the Union alleges that the University has applied or interpreted the terms of the Agreement so as to allegedly violate employee's rights under the terms of the Agreement, the Union may initiate the grievance at Step 3 of the Grievance Procedure.

4. When a grievance arises from the alleged violation of a provision of this Agreement that specifically provides for the grievance to be initiated at Step 3 of the Grievance Procedure, the grievance will be reduced to writing by the employee or a Union representative and submitted to the Staff & Labor Relations.

5. An employee grievant(s) (no more than three (3)) and/or one Union representative participating in the required meetings of the Grievance Procedure, Steps I through 4 inclusive, as set forth in Section 13 of this Article, during working hours shall suffer no loss of wages for the time
spent in such meetings. Whenever possible grievance meetings shall be scheduled during the grievant’s normal working hours, at a mutually convenient time.

6. In no instance shall a grievance be filed after ten (10) working days from the date of its occurrence or reoccurrence. Any grievance not processed at each level within the number of working days specified herein shall be regarded as settled on the basis of the University's most recent answer. If the University should fail to observe the time limits in a specific step, the grievance may be appealed to the next step or the Union may wait for the University's response. "Working Day" within the meaning of this Article shall be defined as Monday through Friday, excluding all paid holidays.

7. Settlements through Step 2 of the Grievance Procedure shall not establish a precedent or practice for either party. The Union may amend a grievance at Step 3 of the Grievance Procedure to correct inaccuracies such as incorrect Article citation or statements of remedy. The Union may withdraw a grievance at any step without prejudice or precedence.

8. Initial steps and time limits in the Grievance Procedure may be waived by written mutual agreement of both the University and a Union representative.

9. No employee shall be discriminated against for participating in the Grievance Procedure.

10. Where an employee's presence as a witness is required during the adjustment of a grievance or during arbitration, the University shall excuse that employee from work. Neither party, however, shall be responsible for the expense of witnesses called by the other, including lost work time. Witnesses called by mutual agreement in advance of the witness appearance shall not lose pay.

11. Employees who have filed a grievance shall have the right to be present personally at any stage of the Grievance Procedure. However, an employee may waive the right to be present. The employee may be
accompanied by a Union representative. Union representatives may assist employees who wish to file grievances. The grievant(s) and Union representative(s) will be permitted a reasonable amount of time, normally not to exceed one-half (1/2) hour without loss of pay, to confer privately immediately prior to any scheduled grievance step meeting.

12. At each step of the grievance procedure, each party shall present the facts and documents known to the party at the time to support its position on the grievance.

13. All grievances shall be processed and settled in conformity with the following procedure:

**Step 1.** All grievances must first be discussed by the employee with his/her immediate supervisor with or without a Union representative present and the grievant or the Union representative must make known to the supervisor that such a discussion is intended as a Step 1 grievance. The supervisor shall respond to the employee and the Union representative when involved, as soon as possible, but no later than three (3) working days from the date the grievance was discussed.

**Step 2.** If the immediate supervisor's oral answer does not resolve the grievance and the employee chooses to pursue the matter further, it shall be reduced to writing setting forth the facts upon which the grievance is based, the section(s) of the Agreement pursuant to which the employee's rights are alleged to have been violated, the reason for disagreement of the Step 1 response, and the remedy or correction sought, and within five (5) consecutive working days from receipt of the oral answer be appealed to the department head or designated representative. The department head or designee shall within five (5) consecutive working days from the date the grievance is appealed meet and discuss the grievance with the employee and a Union representative. A written answer to the grievance shall be provided to the employee and the Union representative within five (5) working days after the date of the Step 2 meeting.
Step 3. If the grievance is not resolved in Step 2, the Union representative may appeal the grievance in writing within five (5) consecutive working days of receipt of the Step 2 answer. The appeal shall include the reason for disagreement of the Step 2 response. Within twenty (20) working days from the date the grievance was appealed to Step 3, a meeting shall be held between the Director of Staff & Labor Relations or a designee and three (3) persons the Director of Staff & Labor Relations determines may assist in the resolution of the grievance, and a designated International Representative, the Local President, a Union representative and the aggrieved employee. The Director of Staff & Labor Relations shall provide the International Representative, the Local President, the grievant and the Union representative with a written answer on the appeal within ten (10) working days of the meeting.

Step 4. If the grievance remains unresolved after the Step 3 answer from the Director of Staff & Labor Relations, the designated International Representative or Local President may appeal the grievance to arbitration by submitting an official written notice to the American Arbitration Association and the Director of Staff & Labor Relations within twenty (20) working days from receipt of the Step 3 answer. Such request for arbitration shall include the specific provision(s) of the Agreement alleged to be violated as stated in Step 3, as well as the reason for disagreeing with the prior step decision.

Arbitration
The selection of an arbitrator and arbitration proceedings shall be conducted under the then current Labor Arbitration Rules of the American Arbitration Association.

The jurisdictional authority of the arbitrator is defined and limited to the determination as to whether there have been violations of the provision or provisions of the Agreement as set forth in the written grievance; the arbitrator shall have no power to add to, subtract from, or modify any of the terms of this Agreement. The decision of the arbitrator shall be based exclusively on evidence presented at the arbitration hearings and shall be final and binding on all involved parties.
Where the decision of the arbitrator includes an award for back pay, back wages shall be limited to the amount of wages that the employee otherwise would have earned less any unemployment compensation or other additional interim payments or compensation.

The parties shall bear their own expenses and share in the arbitrator's fee and expenses equally. Each party shall be responsible for the expenses of its witnesses and representatives, except as provided in Section 5 of this Article. Either party may be represented by counsel.

Except as otherwise provided for in this Agreement, the University may temporarily fill any position pending the resolution of the grievance.

**Grievance Mediation**

Upon mutual agreement, the University and the Union will request a Federal Mediator from the Federal Mediation and Conciliation Service for the purpose of grievance mediation. This process may be implemented with mutual agreement prior to filing for Arbitration, or in the time frame between the filing for Arbitration and the Arbitration proceedings. In the event Grievance Mediation is chosen prior to filing for Arbitration, the time limits for filing for Arbitration will be extended to accommodate the Grievance Mediation process. The decision/recommendations of the Federal Mediator shall not be binding on either party and may not be introduced in any subsequent arbitration proceedings.

**Grievance Reinstatement**

In those instances where the International Union, UAW by either its Executive Board, Public Review Board, or Constitutional Convention Appeals Committee has reviewed the disposition of a grievance and found that such disposition was improperly effected by the Union or a union representative involved, the International Union may inform the University in writing that such grievance is reinstated in the grievance procedure at the step at which the original disposition of the grievance occurred. Grievants may also appeal their grievance disposition as outlined in the UAW Constitution, Article 33. In the event such appeal is upheld, the grievance will be reinstated the same as above. This process
must be initiated within forty-five (45) days of the disposition of the original grievance and must be concluded within ninety (90) days thereafter. Grievances may only be appealed once.

ARTICLE 12
DISCIPLINE AND DISCHARGE

The University and the Union agree to a procedure of progressive discipline. The parties adhere to the principle that discipline has the objective of improving the future performance of the employee.

The University and the Union recognize the sensitive nature of the disciplinary process and to that end, will strive whenever possible, to handle all disciplinary matters in a private setting with relevant personnel only, in which case the University agrees to advise the employee of the right to have a union representative present.

An employee may be disciplined only for cause. Employees have the right to union representation during any meeting that might lead to discipline or during a disciplinary meeting.

The steps in the procedure of progressive discipline shall include oral warnings, written warnings, suspensions and discharges.

Referral to the Faculty and Staff Assistance Program (FSAP) is not a required step of the disciplinary procedure.

Situations involving major infractions or offenses shall be exempted from progressive discipline and may subject an employee to discipline, including discharge, regardless of the employee's prior record.

Management shall use its best efforts in appropriate cases to have a union representative present during an investigatory meeting that could lead to discipline as well as when employees are issued a suspension or discharge. Failure to give advanced notice to the union shall not be an issue in any grievance related to the suspension or discharge. In all cases, however, the
union shall receive a copy of the written warning, suspension or discharge via email, fax or US mail to the President of Local 2300 at the Union office, as soon as possible after the issuance to the employee.

Suspension of a full day or longer shall be served in full day increments unless departmental needs require otherwise.

Any employee who has been given a written warning or disciplined in any manner or discharged may file a written grievance with or without the assistance of a specified union representative and initiate the grievance at Step 2 of the Grievance Procedure. The meeting with the department head shall take place within five working days from the date of the written grievance. Such grievances must be filed within ten working days from the date of the University's action.

An employee shall sign written disciplinary warnings indicating that he/she has received a copy. Signing does not mean that the employee agrees or disagrees with the written disciplinary warning. If the employee is unable to sign the statement, a union representative for that department shall sign on behalf of the employee. The employee shall have a right to promptly respond in writing to any written discipline. This response will be kept with the written discipline.

In imposing discipline on a current charge, the University will not take into account any prior infractions that occurred more than twenty-four (24) months prior to the date of the current infraction. Periods of disability and workers’ compensation of greater than thirty (30) days shall extend the life of discipline.

Probationary employees shall be exempt from the provisions of this Article.
ARTICLE 13
HEALTH & SAFETY

The University shall continue to comply with all applicable federal, state and local occupational health and safety laws for the protection of the health and safety of the employee. To this end, all employees shall receive paid health and safety training for all aspects of their job.

Employees shall comply with safety rules established by the University.

The University shall continue to supply and require the use of special health and safety equipment (except boots and shoes) without cost, where established by law or where a need is determined by the department, or Environment, Health and Safety.

Employees are encouraged to report health and safety concerns to immediate supervisors. Issues will be forwarded to the appropriate office and a response will be provided within a reasonable time. No employee shall be punished or in any way adversely affected because he or she raises health and safety concerns.

Up to three (3) bargaining unit employees selected by the union shall participate in the Joint Health & Safety Committee. This committee shall meet periodically but at least quarterly with The Office of Environment, Health & Safety and others the University deems appropriate to discuss relevant health and safety concerns, to share educational information, ongoing and planned safety and training programs information, and to establish joint priorities for future safety and training programs. The agenda shall be set jointly in advance for each meeting, and at least once each year to establish future priorities. These three (3) employees shall suffer no loss of wages for time spent in such meetings or training sessions during working hours. Any alleged health and safety violations shall be reviewed by this committee, or discussed by the Union and the University, prior to involving any outside parties.
The University shall make reasonable efforts to notify the Union of serious work related accidents or illnesses that have come to the attention of Staff and Labor Relations or Environment, Health and Safety.

The Union may file alleged violations of this Article at Step 1 of the Grievance Procedure and Arbitration of this Agreement. In addition, the Union and the University shall establish a joint ad hoc committee, three (3) to be designated by each party, to investigate the grievance after it has been filed at Step 3, unless the Union and University mutually agree to waive committee involvement. Should the Committee be unable to recommend an acceptable remedy to the grievance, the grievance shall be heard at Step 3 of the Grievance Procedure. The Union may involve an International Health and Safety Representative who may investigate the matter and/or attend the hearing. If still unresolved, the grievance may be taken to arbitration.

Time spent by the Union's committee members shall be covered under the provisions of Section 5 of the Grievance and Arbitration Procedure Article.

ARTICLE 14
LAYOFF AND RECALL

1. In the event the University should determine that a layoff is necessary, the University shall have the sole discretion to determine the type, number and location of the jobs to be reduced.

2. Employees who are indefinitely reduced from full-time to part-time status for more than ninety (90) days in one contract year shall be eligible to opt for layoff and eligible for the provisions of this Article.

Indefinite Layoff

3. Notice shall be provided in the following manner to employees who have completed the probationary period. A copy of the layoff letter will be sent to the Union.

   a. In cases of less than ten (10) years of service, employees shall receive written notification within a minimum of thirty (30) calendar days
(not including accrued vacation time) prior to the effective date of the layoff.

b. In cases of ten (10) or more years of service, employees shall receive written notification of layoff within a minimum of sixty (60) calendar days (not including accrued vacation time) prior to the date of layoff.

c. When minimum notification, as described above, is not possible, the employee will receive, in lieu of notice, pay equal to the amount he/she would have received had notice been possible, in addition to any accrued vacation pay.

d. When employees receive notice of layoff as provided for above, Division of Human Resources will give the employees special assistance throughout the layoff period in identifying other jobs the employees may be able to perform.

4. The about to be laid off seniority employee has the option of replacing probationary employees in any classification or department provided he/she meets the necessary job prerequisites.

5. All layoffs shall be initiated at the department level in the following order:

a. Employees shall be laid off in line with their seniority in their wage grade and classification within a department, provided the employee(s) to be laid off does not have specialized knowledge or abilities required in the classification which could not be met by the remaining work force.

b. An employee laid off under (a) above may displace the least senior employee in a lower wage grade in the same classification within his/her department, provided the employee who might be displaced does not have specialized knowledge or abilities required in that classification and not possessed by the laid off employee. An
employee shall not be required to fill a position with fewer than their present standard hours of work.

When an employee moves into a new position, that employee shall be placed in their corresponding pay rate within the grade.

c. An employee who is laid off in accordance with (a) and/or (b) of the paragraphs above and whose seniority is greater than another employee at the same grade or in a lower grade may make written application during the 30 days immediately following notice of layoff to the Director of Staff & Labor Relations listing the classifications the employee believes he/she may be able to perform. Such list of classifications shall be considered in the following order:

- the least senior employee in the classification and grade from which the employee was laid off
- the least senior employee in other classifications at the grade equal to that from which the employee was laid off
- the least senior employee in the same classification at a lower grade than that from which the employee was laid off
- the least senior employee in other classifications at a lower grade than that from which the employee was laid off

**NOTE:** Under the provision of section c. above:
An employee shall not be required to fill a position with fewer than their present standard hours of work. Standard hours of work for purposes of this section will include weekly and/or yearly basis. Contract College employees will not be required to fill an Endowed position and Endowed employees will not be required to fill a Contract College position.

As soon as possible but within thirty (30) calendar days from receipt of the employee's list, the University shall make the decision as to whether or not the employee is able to perform the work of the listed position either immediately or within one (1) week of appropriate familiarization, and notify him/her. Where the University determines that the employee is able to displace, the employee shall be placed in that position in
keeping with the notice requirements of paragraph 2 of this Article. By
mutual agreement of the parties, the time limits may be extended.

In exercising their section (c) rights above, employees are expected to
respond in a timely manner to both the Union and management when
requests for information are made by either or both parties in their
administration of this process. After notice, those employees who fail to
respond in a timely manner will be deemed to have withdrawn from this
process.

The parties agree that placement of a qualified laid off employee into an
available vacancy is preferable to displacement of another employee. To
that end, and in order to avoid displacing another employee, the parties
agree that bargaining unit vacancies for which the laid off employee is
qualified represent additional employment possibilities for
consideration.

6. **Return to work in formerly held classifications:** When the work force
increases after a layoff, employees shall be entitled to be placed in
openings in accordance with their seniority provided they can perform the
work. Employees who have not been returned to the highest rated wage
grades and classifications worked in prior to layoff shall be returned to
those wage grades and classifications as soon as an opening occurs in line
with their seniority. Employees who have been placed in other
departments or who have been laid off completely from the University
must make a written request to initiate these rights to the Director of Staff
& Labor Relations. Such rights will expire two (2) years from date of
layoff. Employees who have been placed at a lower grade within the
department from which they were laid off shall have such rights for three
(3) years from date of layoff unless the employee fails to exercise his/her
right to return to a known vacancy. Employees are presumed to be aware
of positions posted on the Cornell Careers website.

7. Whenever an employee returns from layoff to a different wage grade and
classification than the job held prior to layoff, the employee shall be
placed in their corresponding pay rate within the grade.
8. **Benefits During Layoff:** An employee on layoff is entitled to a continuation of certain benefits for up to one year following the effective date of layoff. These benefits are listed in Other Benefits, Article 34, as University Benefits While on Layoff Status.

9. **Layoff and recall of specified Union representatives and officers:** The Union shall identify sixteen (16) specified Union representatives and four (4) Union officers (Local Union President, Vice President, Financial Secretary/Treasurer and Recording Secretary) who shall have preferential seniority. Accordingly, they shall be the last employees to be laid off within their respective classifications at their same grades or lower grades. In the event these specified representatives and officers are on layoff, they will be the first to be recalled to any unit position provided they are able to perform the work.

   It shall be the responsibility of the Union to maintain and update the preferential seniority list and to provide a copy to the Director of Staff and Labor Relations at least semi-annually. Only those employees on the preferential seniority list shall be eligible for its conditions.

10. **Temporary Layoff:** In the event that it is necessary to lay off employees on a temporary basis, not to exceed ninety (90) calendar days, the University shall notify the employees to be affected and the Union. Whenever feasible the University shall provide one week advance written notice for a layoff in excess of thirty (30) days. A copy of the layoff letter will be sent to the Union. Senior employees may request such layoffs. Departments shall have sole discretion in granting such requests. Such requests shall be granted in order of seniority starting with the most senior employee except where specialized knowledge or abilities cannot be met by the remaining work force.

11. **Temporary Employment - Winter Intersession:** The University agrees to make a good faith effort to locate temporary employment and to work with those employees who are not scheduled to work during the winter intersession who notifies the University in writing that they are seeking employment during this period.
The representatives of the University agree to meet with the Union prior to the winter intersession period to discuss temporary employment opportunities for employees laid off during this period. Both parties recognize that such opportunities will be limited.

Employees hired to work in a temporary position during winter intersession shall be paid their regular rate of pay, but no more than the maximum of the applicable bargaining unit wage grade.

Employees laid off during the winter intersession period in the Student and Campus Life and Statler Hotel may use one day of accrued sick leave during this period as leave with pay.

ARTICLE 15
PERSONNEL FILES

Division of Human Resources shall maintain the official personnel file for each employee. The University shall use personnel files for University-related activities. Information from the personnel files shall not be made available to anyone outside the University and shall be held in the strictest confidence unless the employee grants written permission or unless the University is required by law or subpoena, or unless the information in an employee's personnel file is requested by the Union in the processing of a grievance or for the administration of the collective bargaining agreement.

Employees may arrange to examine materials in their personnel file by making an appointment with a representative from the Division of Human Resources.

Where an employee authorizes a representative to obtain information from that employee's personnel file, such representative shall obtain written consent from the employee for each examination of the file and/or copying of any material from that file. The employee's representative shall contact a Staff & Labor Relations representative of Division of Human Resources, to arrange an appointment to examine the employee's personnel file. Examination of the file shall be done in the presence of a Staff & Labor Relations representative.
All written authorizations to examine an employee's personnel file shall become a part of that file.

The University shall bill the union or the employee for copying costs when the request exceeds five (5) copies per year per employee.

**ARTICLE 16**

**TOOLS**

Employees shall not be required to use their personal hand tools in the performance of their jobs. The University, through the College and/or Department, shall determine the need for, type, number and quality of the hand tool(s) to be used. The University reserves the right to require the use of University provided tools. An employee may use hand tools that are the personal property of the employee if the employee has received supervisory approval.

An employee who loses a University hand tool through negligence or damages a University hand tool through misuse, other than normal wear, may be subject to discipline.

The University shall be liable for lost, stolen or damaged hand tools that are the personal property of employees if the employee has received supervisory approval for the use of personal hand tools and the employee exercised reasonable care for those hand tools. In any instance the University's liability for lost, stolen or damaged personal hand tools owned by the employee shall be the amount of their replacement value.

**ARTICLE 17**

**REQUIRED APPAREL**

The University may establish reasonable rules pertaining to employee dress and may require the wearing of particularized apparel, such as a uniform.

The University shall provide such required particularized apparel. Employees permitted to wear such clothing off the premises shall be responsible for
laundering. Where the employee is not allowed to wear such apparel off the
premises, the University shall allow a maximum of five (5) minutes changing
time at the beginning and end of each regularly scheduled shift.

Where employees are required to wash-up, they shall be given a maximum of
ten (10) minutes to wash-up and change. Where a work unit has a current
practice of an authorized wash-up, such practice shall be continued within the
limits set forth in this Article. Extra time may be allotted at the discretion of
management.

The University will make a reasonable monetary reimbursement for clothing
rendered useless through unusual or accidental events on the job. The
University will not reimburse employees for clothing worn out by normal
wear and tear. Each case will be considered on the basis of the circumstances
surrounding it. While the decision to determine the application of this
provision in each case is the University's, the employee may grieve a denial to
the third step of the Grievance Procedure for final disposition by the parties.
Such matters shall not be arbitrable.

Where the use of safety shoes or boots is required by the department and the
department chooses not to provide them, the University shall reimburse the
employee for the purchase of safety boots or shoes up to one-hundred-forty-
three-dollars ($143) per year for the remainder of the Agreement.

ARTICLE 18
VEHICLE ALLOWANCE

It shall be the responsibility of the University to notify an employee prior to
hire or prior to appointment to a new position if intermittent or regular access
to a personal motor vehicle will be a condition of employment.

Intermittent Use of Motor Vehicle
An employee shall be reimbursed for such personal vehicle in accordance
with University policy in keeping with IRS regulation. The University
reserves the right to verify mileage claims by reading the odometer of the
vehicle used by the employee. Any falsification of mileage claims shall subject the employee to disciplinary action.

**Regular Access to Motor Vehicle**

Regular access to motor vehicle is defined as requiring the presence of an employee's personal motor vehicle at the University during the scheduled hours of work and regularly requiring its use in excess of fifty miles per week. An employee using a personal motor vehicle under the regular access category shall be paid a monthly vehicle use allowance of one-hundred-nineteen-dollars ($119) for the remainder of the Agreement. Employees who meet the requirements of this paragraph who drive less than 50 miles but more than twenty-five (25) miles per week, shall be paid a monthly vehicle use allowance of seventy-seven-dollars ($77) per year remainder of the Agreement. The monthly allowance shall be reduced by one-fourth (1/4) for each full week not worked within any calendar month. Employees currently receiving a vehicle use allowance shall continue to be paid according to the terms of the provision for Regular Access to Motor Vehicle, so long as one of the two (2) criteria set forth in this provision is maintained. Otherwise the employee shall be reimbursed under the provision for Intermittent Use as set forth above.

**Maintenance Mechanics**

Maintenance Mechanics other than those departments that have a separate sub-council agreement shall be paid a monthly vehicle use allowance bi-weekly when they are regularly required to use their personal motor vehicle in excess of fifty (50) miles per week in the performance of their work duties. The monthly amount shall be one-hundred-twelve-dollars ($112) for the remainder of the Agreement. The bi-weekly allowance shall be reduced by one-half (1/2) for each full week not worked within each bi-weekly period.

In all cases where employees are required to use their personal vehicles, such vehicles will be registered with the University and conform with University vehicle and parking regulations. The University reserves the right to provide and require the use of alternate methods of transportation other than personal vehicles.
All employees required to use their personal vehicle to drive to and from worksites shall be provided with appropriate permits.

ARTICLE 19
FLEXIBLE WORKING HOURS

The University shall consider employee requests for flexible working hours. Departments shall review such requests based upon a department's determination that it would be able to sustain its work flow and/or meet its requirements. While the decision to grant such requests is the University's, the employee may grieve a denial of such a request to the Third Step of the Grievance Procedure for final disposition by the parties.

ARTICLE 20
MEAL BREAKS AND REST PERIODS

Meal Breaks
Employees who are required to work more than six (6) consecutive hours shall receive one (1) uninterrupted meal break of at least thirty (30) minutes. The meal break shall be taken after the employee has worked a minimum of four (4) hours so long as such break is in accordance with New York State Law. The scheduling and length of the meal break not to exceed one (1) hour shall be determined by the department in accordance with New York State Law. The meal break shall be taken on the employee's time and is not included in the standard work week.

Due to operational needs, Dining and Statler employees who work a shift which begins before 11a.m. and ends no later than 8:30 p.m. can be scheduled by the University without a 2nd unpaid meal break period between 5 p.m. and 7 p.m. Schedule changes will be made in accordance with Article 35, Hours of Work and Overtime.
Rest Periods
All employees will be entitled to thirty (30) minutes of paid rest time during the day. Department heads shall have the authority to establish either one (1) thirty (30) minute rest period, where necessitated by departmental operations, or two (2) fifteen (15) minute rest periods and to determine the scheduling of such period(s).

An employee shall be entitled to take one fifteen (15) minute paid rest period for each four (4) hours of overtime worked.

Meal and rest periods cannot be accumulated.

ARTICLE 21
CONSULTATION ON WORKING CONDITIONS
Where new or additional equipment affecting employees is required, the University agrees that it will consult the affected employees as early as possible prior to its purchase or rental. Where the University plans major renovation and/or reorganization of the physical plant or where a permanent change is considered in the location of work areas or in work procedures, the University agrees that the affected employees will be consulted as early as possible prior to implementation of those changes. It is understood, consultation refers to the asking of advice or opinion of affected employees in such a manner so they will have a meaningful effect on the decisions made by the University. The employee may grieve the denial of such consultation to Step 3 of the grievance procedure for final disposition by the parties. This article is not arbitrable. Issues affecting health and safety and/or ergonomic considerations in the work place may be brought to the joint health and safety committee.

ARTICLE 22
LEAVE OF ABSENCE WITHOUT PAY

Short-Term Personal Leave
All regular full-time and part-time employees may be eligible for a short-term personal unpaid leave after completion of their probationary period. Short-
term personal leaves may be requested for up to ninety (90) calendar days. The employee's position will be held open for the duration of the short-term leave. The request must state the reason for the leave and the length of leave. Seniority will continue to accrue during the leave.

Requests for short-term personal leaves are granted solely at the discretion of the department. Any request for a short-term personal leave which is denied may be grieved directly to Step 3 of the Grievance Procedure, but shall not be arbitrable.

**Long-Term Personal Leave**

All regular full-time and part-time employees with at least one year of continuous service prior to the date of leave are eligible for a long-term personal unpaid leave of up to a maximum length of one year. The employee's position will not be held open, and there shall be no guarantee of re-employment. However, employees on unpaid long-term leaves of absence may use their seniority which will be frozen during the period of the leave to apply for vacant bargaining unit positions in keeping with Article 10.

Eligible employees may be authorized to take a long-term unpaid personal leave for the following reasons:

- Government service (elective office)
- Educational purposes
- Extended vacation (following five (5) years of University service)
- Sickness and disability
- Settlement of an estate
- Travel to accompany spouse on sabbatic
- Domestic responsibilities
- Other reasons deemed appropriate by the University

The employee is required to submit a written request for a long-term unpaid personal leave through the department head to the College/Unit Human Resource Representative stating the reason for the leave and length of leave. The request for a long-term unpaid personal leave must be made at least two (2) weeks in advance of the first day of leave. Whenever employees exhaust
their Short-Term Disability Plan benefits and application for Long-Term Disability Plan benefits is still pending, the employee shall be automatically placed on a Long-Term Personal Leave for the interim period up to a maximum of one (1) year.

Cornell Children's Tuition Scholarship will be continued until the end of the term in which a leave begins, then discontinued until the employee returns to regular University service.

Requests for unpaid long-term personal leave are granted entirely at the discretion of the department head in conjunction with the College/Unit Human Resource Representative. Denials shall not be unreasonable.

**General Provisions For Short-Term And Long-Term Unpaid Personal Leaves**

Accrued vacation must be exhausted before a long term unpaid personal leave begins. An employee shall not be eligible for sick leave or disability benefits while on an approved unpaid personal leave. Sick leave and vacation will not accrue while an employee is on unpaid personal leave. If the employee returns to active employment at the University within the limits specified by the unpaid leave of absence agreement, sick leave shall be restored to its former level and the employee’s wage rate will be determined according to their frozen seniority.

Acceptance of any employment inconsistent with the unpaid leave will result in termination of the unpaid leave and may result in discipline.

**ARTICLE 23**

**VOLUNTEER FIREFIGHTER AND EMERGENCY MEDICAL TECHNICIAN LEAVE**

In the event that a volunteer firefighter and/or an Emergency Medical Technician (EMT) associated with a volunteer fire company is called to a working fire or emergency during the employee's actual scheduled working hours, the University shall compensate the employee at the employee's regular straight time hourly rate of pay only for those emergency hours which overlap
the employee's scheduled hours. It is expected that the employee shall respond to a fire or medical emergency only when that individual's services are necessary. Whenever possible, the employee shall request to leave from his/her supervisor before departing the workplace. The employee shall not depart from work knowing that such departure may cause or contribute to unsafe conditions at the University or damage to University property.

If after responding to a medical emergency or fire such employee's service or presence is not required, the employee shall immediately return to the employee's work assignment, provided there is time remaining in the employee's shift.

In the event that a volunteer firefighter and/or an EMT is required to respond to a working fire or emergency during the eight (8) hours immediately preceding the start of the employee's shift, the employee shall receive paid time off during the upcoming shift equal to the actual time spent in resolving the emergency or fire. In no event shall the employee receive paid time off for any time greater than their shift assignment for that day.

Any hours compensated under this provision shall be counted as hours paid but shall not apply to any calculations for premium pay, unless otherwise provided by this Agreement. The University shall pay or provide paid time off only for time spent when responding to emergency calls or fires.

The University may designate an employee as exempt from this provision if the nature of the employee's job responsibilities are such that the employee's sudden absence could create hazard or unduly disrupt University business. The University reserves the right to verify any claim or the length of any claim made by an employee under this provision.

**ARTICLE 24**

**INCLEMENT WEATHER**

Employees required to report to or remain at work when the University has officially announced a delayed opening, a partial closing, or a University closing for inclement weather shall be paid at a rate of time and one-half (1-
1/2) their regular rate for the hours worked when the University is closed and shall also receive paid time off for each such hour worked.

Employees who are not required to report to or remain at work shall be paid at their regular rate for the hours scheduled that day but not worked due to the closing.

Those employees on approved scheduled vacation or sick leave during such a closing shall be charged leave time, regardless of the weather conditions.

Employees who are late to work or unable to report to work due to severe weather and travel conditions may charge any such lost time to either accrued personal or vacation leave when the University has remained open, or make up the time within the same workweek at the mutual convenience of the employee and supervisor.

An employee may request to leave a work assignment early due to severe weather and travel conditions. Such requests shall be honored unless it would cause unreasonable hardship for the University and shall not be charged as an unscheduled absence.

**Public Transportation/Ride Share**

During inclement weather employees utilizing public transportation or a registered ride share arrangement shall not suffer loss of pay or be disciplined if they report to work within one hour of their normal starting time. For purposes of this provision, the definition of inclement weather shall include any such University announcement or a public announcement by a law enforcement agency that an official travel advisory is in effect. Employees may be required to provide proof of such conditions in questionable situations.

**General Provisions**

An employee’s supervisor will take into consideration extraordinary weather conditions in reviewing an employee’s attendance record.
ARTICLE 25
VOTING

Employees who are registered voters may take time off from work with pay in order to vote if polling places are not open four (4) consecutive hours before or after the employee's scheduled work day.

ARTICLE 26
UNIVERSITY COMMITTEES

Employees who have been appointed or selected by a person(s) delegated by the University to do so, or elected through an authorized University election, to serve on official University Committees will receive time off with pay during regularly scheduled working hours to serve on such committees. Employees who are appointed or elected to an official University Committee shall notify their supervisors when the appointment or election becomes effective.

Employee members of official committees who desire time off from work to serve on official committees should notify their immediate supervisor of the meeting. The supervisor will grant time off unless the staffing needs of the department require the employee's presence at that particular time.

If approved, employees will be paid for release time to serve on official committees during normal working hours.

ARTICLE 27
JURY DUTY LEAVE

An employee called for jury duty will be paid his/her regular rate of pay upon submission of the summons. An employee subpoenaed to appear in court as a witness by the employer or for an employment related matter will be paid his/her regular rate of pay upon submission of the subpoena. The employee should notify his/her supervisor immediately. Employees serving on jury duty are expected to work during normal working hours when excused from court
when more than one-half (1/2) day excluding travel time from court remains in his/her work day or unless excused by his/her supervisor.

An employee who works a schedule other than a normal schedule of Monday through Friday who is selected for Jury Duty may request a temporary schedule change. Such requests will be considered on a case by case basis in keeping with business needs.

ARTICLE 28
BEREAVEMENT LEAVE

When a death occurs in an employee's immediate family, the employee shall be allowed up to a maximum of three (3) days off with pay to make funeral arrangements and/or attend the funeral or attend related services. The immediate family consists of the employee's parents, surrogate parent, step-parents, grandparents, parents-in-law, brothers-in-law, sisters-in-law, sons-in-law, daughters-in-law, grandchildren, spouse (as defined by University policy), domestic partner, child, step-child, or siblings (brother, sister, step/half-brother, step/half-sister). Note: Surrogate parent is anyone whom the employee viewed as their primary caregiver, for example, aunt, uncle, cousin or non-blood related caregiver.

For the funeral of other relatives or service as a pallbearer, an employee may be released from work with pay for a maximum of one-half (1/2) day for a local funeral, and one (1) day when the employee would have to drive twenty-five (25) miles or more from the University to attend the funeral.

Employees may be released with pay for a maximum of one-half (1/2) day to attend the funeral of a fellow employee in the immediate work unit. The University may restrict the number of employees to be released for a fellow employee's funeral. However, serious consideration shall be given to all requests.

For the death of others not listed above, or, if additional time off is needed during this period, employees may request the use of personal leave, vacation
leave or leave without pay in keeping with Articles 31 and 32, respectively. Such requests will not be unreasonably denied.

ARTICLE 29
MILITARY SERVICE LEAVE

Upon application, a military service leave without pay shall be granted to employees who enlist or are drafted into the Armed Forces of the United States.

Reinstatement and rights after reinstatement are governed by applicable federal laws. Seniority shall accumulate while an employee is on a Military Service Leave.

Requests from military veterans for leave to observe Veteran’s Day will be granted.

ARTICLE 30
MILITARY TRAINING LEAVE

Employees who are members of the National Guard, Coast Guard, or U.S. Military Reserve units shall be granted leave with pay for training periods of more than seven (7) days on no more than two (2) occasions in a twelve (12) month period, up to a maximum of thirty (30) days in total in a twelve (12) month period. Vacation or personal leave may be used for military training in excess of thirty (30) days subject to the approval of the department head.

Whenever possible, the employee shall provide written documentation to the University at least two (2) weeks in advance of the scheduled training, specifying the reason and duration of the military leave.
ARTICLE 31
SICK, HEALTH CARE AND PERSONAL LEAVE

Sick Leave
Sick leave permits the employee income continuation for time when they are not able to work due to their illnesses. The University reserves the right to establish attendance standards, to require medical verification of employee illness and to discipline employees for abuse of sick leave, including suspension or discharge. The University will engage in discussions with the Union prior to implementing modifications to these standards. Employees shall accrue sick leave as follows:

- Sick leave accrual is based on the number of straight time hours paid to an employee during a pay period, at the rate of .04615 hours per hour paid. Sick leave accrual begins immediately upon employment.

- If an employee is on a paid leave (for other than vacation) for more than 20 consecutive calendar days, sick leave ceases to accrue. With regard to military leave, determination for accrual shall be based on the Military Training Act. The 20 consecutive days are counted from the first day of absence.

- Sick leave accrual shall not exceed a total of seven hundred twenty (720) hours for an employee regularly scheduled to work forty (40) hours per week. All other accruals shall be prorated based upon a forty (40) hour work week.

- Sick leave cannot be taken before it is accrued.

Sick leave shall be available for only personal employee illness or employee dental or medical appointments which cannot be scheduled outside regular working hours.

Employees should submit, with as much advance notice as possible, a leave request to their supervisor for routine medical and dental appointments. In the event of a medical emergency, the employee's supervisor should be notified as
soon as possible. When there is a reason to suspect abuse, supervisors may request a physician's certificate as verification of an employee's illness before approving the payment of sick leave.

To be eligible to receive sick leave pay employees must abide by the call-in procedure set forth by their individual departments except when failure to notify is due to circumstances beyond the control of the employee.

Upon return to work from sick leave the University reserves the right to require the employee to submit medical proof of fitness for the resumption of duties.

On the first day of a job related injury (i.e., workers' compensation), time away from work to receive first aid treatment will be considered leave with pay. However, any other lost time from work on day one will be charged to the employee's sick leave.

Health Care Leave
Up to three (3) working days of accumulated sick leave may be taken within each fiscal year in the event that an employee's full attention is necessary to care for a member of the employee's immediate household, or who is a member of the immediate family or a dependent. Immediate family shall be restricted to those relationships identified in Article 28. Regular part-time employees may take the prorated equivalent. Health care leave that is not used by the end of the fiscal year will remain as unused sick leave.

Where health care leave is used for an emergency, the employee's supervisor must be notified as soon as possible. Health care leave for purposes other than an emergency requires advance permission of the employee's supervisor.

Supervisors may require verification of the health care or emergency causing an employee to request use of this leave time.

Personal Leave
Up to three (3) working days of accumulated sick leave may be taken for personal reasons or emergencies within each fiscal year. For employees with
twenty (20) or more years of continuous service, up to five (5) working days of accumulated sick leave may be taken for personal reasons or emergencies within each fiscal year effective the beginning of the next fiscal year. Regular part-time employees may take the pro-rated equivalent. Personal leave may be taken only if an equal amount of sick leave has accrued. Personal leave that is not used by the end of the fiscal year will remain as unused sick leave.

Where personal leave is used for an emergency, the employee's supervisor must be notified as soon as possible. Personal leave for purposes other than an emergency requires advance permission of the employee's supervisor.

Unscheduled absences incurred due to an emergency personal leave will be reviewed on a case by case basis.

Sick leave and personal leave balances are canceled upon termination of the employee and may not be taken as terminal leave. An employee shall not earn or use sick/personal leave when the employee is on an unpaid leave from the University.

If there is reason to suspect abuse, supervisors may require verification of the personal reason or emergency causing an employee to request use of Personal Leave. Employees may choose to provide verification to their supervisor or a higher level of departmental supervision.

An employee shall not earn or use personal leave when the employee is on unpaid leave from the University.

ARTICLE 32
VACATION

Vacation shall accrue for each straight time hour worked, including paid personal leave, sick leave, holidays, and vacation, according to the following rates.

Employees hired prior to July 1, 1994 are entitled to earn vacation under the following schedule:

Employees hired on or after July 1, 1994 are entitled to earn vacation under the following schedule:

*Years of Service Completed are based on an employee’s Adjusted Service Date.

Paid vacation accrual begins on the date of last hire. Employees who transfer into the bargaining unit shall accrue vacation based on their Adjusted Service Date. Changes in accrual rates shall be effective on the anniversary date of last hire. Paid vacation may accrue to a maximum of three hundred and twenty (320) hours or two (2) times the annual accrual rate, whichever is less. On December 31, leave balances that exceed the maximum will automatically be adjusted to the appropriate maximum.

Employees who do not earn their annual paid vacation accrual may request unpaid vacation leave that is equal to the difference between their actual paid vacation accrual and their annual vacation entitlement. Unpaid vacation leave
shall not accrue. All such requests shall be considered by the department in keeping with business needs.

If a scheduled University holiday falls within an employee's vacation period, the employee shall be given the holiday pay and shall not have to use vacation time for that day. If an employee is on vacation when the University declares an unscheduled day off (e.g., inclement weather) the employee shall continue to use vacation time for that day and will not be given an additional day off.

Upon termination, an employee shall have a right to receive payment for all unused vacation time, provided the employee has completed at least one year of continuous service.

When an employee retires, accrued vacation may be paid in normal payroll amounts and cycles until the current and accrued vacation is exhausted otherwise vacation will be paid in a lump sum. Employees who receive vacation pay following retirement will receive holiday pay for all holidays covered under Article 33, Holidays, of this Agreement which fall within the period.

Except as provided in Short-Term Disability, vacation time cannot be substituted for sick leave. The supervisor has sole discretion to approve the use of vacation time when employees have exhausted their accrued sick leave.

Written requests for vacation time off shall be submitted as soon as reasonably possible to the employee's supervisor. The employee shall receive a copy of the approval or rejection within a two (2) week time period. Once approved, the vacation time off cannot be canceled or changed without the agreement of the employee.

The following procedure applies solely for the purpose of resolving conflicting vacation requests: Employee requests for vacation between October 1 and March 31 shall be submitted in writing before September 23. Requests for the period of April 1 through September 30 shall be submitted before March 23. When multiple vacation requests for the same period are simultaneously received, approvals will be granted by length of seniority, with
the highest seniority employee given first preference. Approval or denial of requests shall be returned to the employee no later than March 30 or September 30. All requests for vacation shall be considered by the department in keeping with business needs. An exception to this procedure may be made for an employee who must make a financial commitment to specific vacation plans more than four (4) months in advance of the vacation date. Such requests may be approved or denied based on business needs on a first come first served basis. The employee may be required to demonstrate such financial commitment.

An employee’s request for vacation may be based on balances that could accrue after the cutoff dates identified above. Any approval of a vacation request will be contingent on the employee having a sufficient vacation balance at the time vacation is used.

When an employee has accrued vacation leave and dies, the corresponding payment for such shall be paid to the employee's duly appointed legal representative or any relative the University in its discretion may deem appropriate.

ARTICLE 33
HOLIDAYS

The University shall observe the holidays listed below for employees covered by this Agreement:

- Martin Luther King, Jr.
- Memorial Day
- Juneteenth
- Independence Day
- Labor Day
- Thanksgiving Day
- Friday After Thanksgiving Day
- Winter Holiday Period

Each year Division of Human Resources shall announce the specific calendar days on which the holidays shall be observed. Holidays which fall on
Saturdays or Sundays shall be designated by the University for observance on a weekday.

**Holiday Pay**

Regular employees who are not scheduled to work on the holiday will be paid for holidays at their regular rate of pay for the employee’s “standard” workday. Standard workday is defined as one-fifth (1/5) of the employee’s regular weekly hours.

**Pay For Holiday Work**

Employees who are required to work on a University holiday will receive pay at time and a half their normal rate for hours actually worked on that holiday plus regular pay for the balance of the hours, if any, not worked on that holiday. In addition, the employee shall receive holiday paid leave time off equal to the number of hours worked on that holiday, not to exceed the employee's standard workday. Unused holiday paid leave time will be paid out at the end of the fiscal year. Employees who leave employment with the University before the end of the fiscal year will be paid their unused holiday paid leave time.

At the discretion of the department, after advanced discussion with the employee, employees may receive holiday pay in lieu of holiday paid leave time off. Only time worked in this option shall be used for overtime purposes.

**Eligibility**

To be eligible to receive holiday pay the employee must work the employee's last scheduled work day prior to and the employee's next scheduled workday after a holiday, unless the employee is able to substantiate, in management's judgment, a reasonable cause for absence.

For each holiday period the employee must work the last scheduled workday prior to each holiday period and the next scheduled workday after each holiday period. Failure to do so shall disqualify the employee for pay for one holiday in the holiday period, unless the employee is able to substantiate, in management's judgment, a reasonable cause for absence.
The mid-year Intersession shall include the winter holiday period (6 working
days).

When departments or dining units are not completely shut down during the
mid-year Intersession period and less than the full complement of employees
are scheduled to work, employees may apply to their immediate supervisor for
time off during this period and it will be granted, in keeping with operational
needs, in order of seniority. Employees who are on temporary layoff during
this period may request any unpaid workdays be charged to personal or
vacation leave time.

Laid off employees shall be eligible to receive holiday pay for all of the
holidays in the mid-year Intersession period if they meet one of the following:

1. They are laid off during the five (5) working days immediately prior to the
   last day of final exams prior to the start of the mid-year Intersession period.

2. They are laid off during the mid-year Intersession period.

3. They are recalled from layoff during the mid-year Intersession period.

4. They are recalled from layoff within five (5) working days of the first day
   of regular classes following the termination of the mid-year Intersession
   period.

Any employee on a paid leave of absence, excluding long-term disability,
shall be paid for any holidays which occur during that leave.

Any employee who is scheduled to work on a holiday and fails to report to
work shall forfeit holiday pay and be subject to disciplinary action, unless the
employee is able to substantiate a reasonable cause for absence.

ARTICLE 35
HOURS OF WORK AND OVERTIME

The University reserves the right to determine and/or amend daily hours of work, weekly work schedules and pay days.
While the University will make every effort to accommodate an employee's request to be excused, the University reserves the right to require employees to work overtime or report on their scheduled hours or days off.

When feasible departments shall give employees at least one (1) week notice prior to weekly work schedule changes or long-term changes in work location. Except in emergency situations, no schedule shall be changed for any single employee more than three (3) times in a fiscal year to avoid overtime without the employee’s consent. This does not apply to employees who are hired with the understanding that his/her position requires a variable schedule.

Employees will notify their supervisor if they desire a change in schedule within their department. Where feasible, departments will honor seniority in scheduling within job classification for open positions. If management cannot accommodate seniority, management will explain the reasons to the employee and the union, and will work with the employee to avert a similar situation in the future.

Irrespective of the days worked or the number of hours worked in any one day, employees shall be paid for all hours worked in excess of forty (40) hours in any given work week at one and one-half times their regular rate of pay. All hours paid in the work week as defined below shall be counted for the purpose of computing overtime in any work week. There shall be no pyramiding of overtime and/or premium pay.

Other than during emergency situations, seniority shall be respected when scheduling overtime.

The work week begins at 12:00 a.m. Thursday and ends at 11:59 p.m. Wednesday. Nothing contained in this Agreement shall be construed as a guarantee of hours of work per day or per week or as a limitation on the right of the University to require overtime.

**Shift Differential**

Employees who are regularly scheduled to work a shift which includes four or more hours between the hours of 6:00 p.m. and 6:00 a.m. shall be paid one
dollar and twenty-five cents ($1.25) per hour. Any employee who is
involuntarily assigned to a shift on a temporary basis for three (3) days or
more in a week shall be paid this shift differential. Shift differential shall be
paid for the following paid leave situations: vacation, holiday, sick, personal,
family health care leave and bereavement leave.

Call-Back Pay
Employees required to return to work after leaving the University's premises
following their work shifts shall be paid a minimum of four (4) hours pay.

In the event an employee is called back a second time within eight (8) hours
of leaving work, only actual hours worked during the call-back shall be
counted toward the calculation of overtime.

Employees who report to work on a scheduled workday and are sent home due
to a scheduling error on the part of management shall be guaranteed either four
(4) hours of work or four (4) hours of pay.

ARTICLE 36
WAGES

It is the responsibility of management, the Union and the employee to insure
the proper placement of employees in the wage step system.

When an error of placement or a pay rate comes to the attention of
management, the error will be corrected. Retroactivity for an overpayment or
an underpayment will be limited to the beginning of the fiscal year in which it
was brought to management's attention, except if the error is brought to
management's attention in July, the retroactivity may go back to the prior July.

All employees will be paid in accordance with the instructions indicated on the
wage schedules below for the life of the Agreement.

Letter of Understanding C  
Sub Council Agreements

- Cornell Dining Summer Scheduling: Cornell Dining experiences shutdowns and reduced service during the summer period that affects employee schedules.

The representatives of the University agree to meet with the Union prior to the summer period to discuss temporary employment opportunities for employees laid off during this period. Both parties recognize that such opportunities will be limited. The representatives of the University also agree to meet with the Union at the end of the summer period to review the summer scheduling process.

a. Employees whose services are not required during the summer intersession will be laid off in line with their seniority within their work unit provided the remaining employees are able to perform the work.

b. Employees who desire to work in a temporary position at the University during this period must make that desire known, through Dining, to the Division of Human Resources to the Recruitment and Employment Center in the Division of Human Resources. Employees will be asked to make their interest known in writing, using a form that Dining provides to each employee during the summer scheduling process. The Recruitment and Employment Center shall match laid off employees to available assignments considering seniority, current classification and grade and the ability to perform the work. The University will make every effort to locate temporary employment for those affected employees. Employees hired to work in a temporary position shall be paid their regular rate of pay, but no more than the maximum of the applicable bargaining unit wage grade.

c. Employees working in a temporary position at the University during this period, who have available vacation and sick hours and who request and are granted time off with pay, will be paid at their regular rate of pay.
d. Employees who are in temporary positions who are not required to work on a holiday will be paid at the rate of pay the employee is receiving in the temporary position. Benefits listed in Articles 31 and 34 will continue to accrue during temporary employment.

Employees will be recalled to work in their regular work unit and classification in line with seniority, provided the employees are available for work at the time of the need and are able to perform the work. In order to be recalled, employees who have requested vacation during unscheduled work periods must inform their departments of their availability for work.

e. Employees who are hired to work in temporary positions are working in non-bargaining unit positions as defined in Article I, Recognition.

f. Scheduling procedure in Dining:

Step 1: Dining will offer schedules to 20-year employees based on position respecting seniority.
Step 2: Dining will offer schedules to employees by position within their home unit respecting seniority.
Step 3: Dining will offer schedules to employees by position in dining respecting seniority.

g. Temporary employment in Department of Building Care, Residential Services

Referral to Residential Services for temporary summer employment will be offered within the scheduling procedure above.

Employees will be offered schedules respecting seniority and based on their availability for work.

h. Release from summer employment

Dining will consider employee requests for early release from their home unit to accept other temporary employment on a case-by-case basis.
An employee may request summer layoff.

i. Employees on disability or workers’ compensation leave

If an employee is released from disability or workers’ compensation leave, the employee shall provide the department one week’s notice of availability to return to work. The employee will be returned to his/her position if available. If an employee’s position is not available, the employee will be offered any open position the employee has the ability to perform or will be placed on summer layoff.

- Dining recognizes the Union’s concern in regard to preserving 12-month positions. Dining agrees to discuss this issue at the regularly scheduled joint labor/management meetings.

- **Campus Life Footwear**: The Union and representative of the Department of Campus Life shall meet to discuss footwear for campus life employees. If the department chooses not to provide the footwear, the employee will be provided an annual allowance of ninety-one-dollars ($91).

- **Training Days**: When scheduling the two (2) annual departmental training programs, Dining will make available a minimum of four (4) hours of paid time comprised of training and/or work.

- **Seniority Based Assignments - Article 35**: A joint labor-management group will meet during the fall semester to establish a mutually acceptable process for implementing seniority-based assignments under Article 35. Schedules filled by temporary or agency employees will be discussed as a part of this process, with the joint intention of ensuring, whenever possible, that regular Dining employees, who are qualified and have a good performance record, can bid by seniority on schedules for such temporary or agency employee (in accordance with the timing and procedure established by Dining after the conclusion of this process). It is recognized that there may be
exceptions based on explained business needs and/or to prevent
detriment to Dining’s operations. Throughout the year when there is a
vacancy in Cornell Dining, Cornell Dining employees will be notified
and provided the opportunity to apply. Selections for these lateral
transfers will be awarded to employees in good standing by positions/
grades with respect to in-unit status and seniority.

- Meal Benefit: Employees working at least six (6) consecutive hours are
  granted a free meal to be consumed during the thirty (30) minute unpaid
  break. Employees must scan their Cornell ID card at a cashier station to
  account for their meal. Employees are expected to take their meal break
  in their scheduled unit whenever possible, with exceptions for closures
  and dietary needs.
Building Care

- At hire, employees will be provided with the following Building Care clothing:
  - Five (5) shirts;
  - One (1) sweatshirt
  - One (1) Winter Jacket (to be replaced every four (4) years).

On an annual basis, employees may receive two (2) replacement shirts. In addition, clothing items damaged or rendered useless will be replaced as per Article 17, Required Apparel.

- The department shall continue to hire temporary employees as one method of filling-in for absent employees. It is in the interest of both parties to fill regular positions in as timely a manner as possible.

- Officially, there will not be a 4 a.m. shift, but periodically, managers may authorize individuals to start their shifts at 4 a.m., or at other times, as needed on a temporary basis.

- Part time employees will be offered full time positions as they arise based on seniority. A part time employee who declines an offer for full time will indicate (using written dept. form) if they choose to move to the bottom of the seniority list or be removed from the list altogether. However, employees may elect to remain in their current division (contract college or endowed) and turn down a full time offer for the other division, and not lose their spot on the seniority list, in order to wait for an opening in their current division. At that point, the employee will be placed in the next available full time position. This placement may result in a different work location for the employee.

- When a full time need exists on a temporary basis, a reasonable effort will be made to place a regular part time employee in good standing in the same building into such temporary need based on seniority, prior to offering the hours to a temporary employee.
• As discussed and clarified at sub council meetings, employees will be compensated for function set-up and tear-down duties in keeping with current practice.

• If a current full time employee wishes to become part time, such request will be granted. However the employee may be assigned to a different work location. The change in appointment to part time status shall be in effect for a minimum of one (1) year. Exceptions to this shall be considered on a case-by-case basis, e.g., loss of day care, employee or family illness, etc and will be granted when possible. If the employee wishes to return to full time status, the request must be submitted in writing to the supervisor. The employee will be placed in the next available full time position. This may also result in placement for the employee in a different work location. The employee may elect to stay in the same division (i.e. contract colleges or endowed).

• Bulletin boards are provided at all time clocks and the parties agree to jointly monitor the material on the boards. It is agreed that all postings shall be dated to indicate the "life" of such postings and that once the date expires the posting may be removed. If there is a question as to the "life" of a posting, the supervisor and steward shall discuss it prior to its removal.

• Building Care will provide a clock list to the Union on a semi-annual basis unless otherwise requested by the UAW.

• Efforts will be made by the Union to schedule union business leave to straddle the break or lunch period.

• The Building Care managers agree to give as much notice as possible to employees who are moved to a different area. Additionally, the department agreed to communicate the reasons for a move to a different area whenever possible. Temporary or lower senior employees, when possible, will typically be first to regularly be assigned to another area. The department will also give consideration to employee requests to
remain in an assigned area or be moved to another area. However, Building Care must retain the right to reassign employees to meet the needs of a large service department.

- Building Care’s current policy is that our more relaxed policy (shorts permitted) is in effect between the May 1st and October 1st. There have and will be occasions of unusually hot weather in the Spring and Fall when we will make an exception to this policy. Employees may bring shorts to work on days when it is expected to be hot and will be allowed to change into them if Management deems it appropriate. Employees shall not be sent home for an initial violation of the Building Care’s dress code unless such violation is of a serious nature.

- **Building Overtime:** Building overtime, other than special assignments and emergency situations, shall be assigned for business efficiency reasons, to the person who is regularly assigned to work the floor where the overtime is available. If that person is unavailable, such assignment shall be rotated by seniority within that building. If additional employees are needed to work the building assignment, the department shall offer the overtime to other employees in that building on a rotating basis by seniority.
• **Complex Overtime and Departmental Overtime:** The department has then agreed to create the following overtime assignment lists: one for each complex and one for the entire department. When overtime work is available within a complex, names will be selected first from the complex list in which overtime is available. If no one is interested the department wide list shall be used. The initial lists shall be developed based on seniority and if you accept overtime, or if you are asked and reject the overtime, your name moves to the bottom of the list. Each manager shall maintain his/her own complex list. The department list shall be maintained centrally. Every six months, all Building Care employees will be asked whether they are willing to work overtime and the lists will be updated accordingly. As new names are added to the lists they shall be slotted in order of seniority into the existing list without disrupting the rotation.

• Building Care retains the right to assign lead custodians to overtime assignments only when a lead person is needed, as determined by the department.

• It is agreed that for planned overtime projects in a particular complex, the department may post a sign-up sheet at each clock for employees with an interest in the overtime assignment to sign. This is in lieu of the department asking each employee in the complex if they have an interest in the overtime assignment. For overtime assignments in Barton Hall or department-wide, the department will continue to distribute a sign-up list for all employees every six (6) months. Employees who refuse overtime assignments twice, do not show up or are late two (2) times during a six (6) month period will be dropped from the overtime list until the next six (6) month sign up list is distributed.

• The department will provide slip resistant boots to those employees who are required to maintain swimming pools, showers, locker rooms and employees required to strip floors. The department will consider recommendations for other types of slip resistant boots.
• Employees regularly assigned to the carpet truck will be provided with a safety shoe allowance as per Article 17, Required Apparel.

• The parties agree that when an employee is promoted to a lead position if during the first six (6) months of the appointment the University believes that the employee, as specifically demonstrated by his/her performance in the position, cannot perform the job duties, then such employee shall be returned to his/her former position from which he/she was promoted. The employee also has the option to return to his/her former position during this period.
For the purpose of fostering good communications, we agree to conduct quarterly meetings of a small group of bargaining unit employees representing each of the Statler departments with the Hotel School’s Director of Human Resources and other invited Statler managers. The UAW will contact the Statler HR office to schedule these meetings. These meetings may include a discussion of health and safety issues of mutual concern for the purpose of ensuring proper training, tools and work habits are employed, and potential hazards are identified and addressed, in order to promote and maintain a safe workplace. A quarterly report of all workers’ compensation cases will be provided to the union.

The Statler will provide ongoing diversity/inclusiveness and health/safety training and programming.

Subject to availability and non-peak times, Statler Hotel bargaining unit employees may receive a ten percent (10%) discount on guest rooms, banquet functions and dinner/brunch in Banfi’s Restaurant. The Statler employee may extend this discount to his/her immediate family (parents and children), but the Statler employee must make the room reservation and be present for the food & beverage functions.

Slip Resistant Work Shoes: The Statler will provide for or subsidize the expense (up to $71 inclusive of CPI for the life of the Agreement) of one pair of Statler-approved work shoes per year for our bargaining unit uniformed staff.

Housekeeping

Statler Housekeeping room attendants are typically assigned 14 room credits per 8-hour work shift. The following existing suites will count as two room credits: 302, 402, 502, 602, 605, 702, 802 and 902. The following existing suites will count as 1.5 room credits: 309, 409, 509, 609, 709, 809 and 909. If someone calls off work, a room attendant might be assigned 15 room credits. Fewer rooms are assigned to room attendants who have rooms on the 3rd or 4th floor or who have to travel
two or more floors to complete their rooms; or, they are assigned less “checkouts” and more “stay-overs”. Room attendants who are assigned and complete more than 14 room credits up to Statler Standards without assistance in an 8-hour work shift will be paid an additional ten dollars ($10) per room credit for each room credit over 14.

- If a room attendant is assigned 14 room credits or 15 room credits (if someone is called off) for the day, a room should be considered serviced for the day after the room attendant has cleaned and punched it in one time on that day, regardless of status (checkouts or stayovers.)

- Scheduling Housekeeping work, by nature is variable based on fluctuating business volume. Housekeeping staff are required to work a schedule subject to change, including days, nights, weekends, holidays and split days off. Where feasible, management will assign schedules that will give employees two (2) consecutive days off and not require employees to work more than five (5) consecutive days. Where this does not occur, management will consider employee requests to voluntarily accept extra workdays.

- When bargaining unit employees must be called in on a day that they had not been scheduled to work, the supervisor shall start with the senior-most employee in the job title/grade without a full work week, proceeding through the list in order of seniority. If all employees have been scheduled for five shifts, overtime shall be offered starting with the most senior employee.

- Compensation for Waitstaff and Bellpersons will be determined during the larger contract negotiations.

**Maintenance**

**Prescription Safety Glasses:** A reimbursement of up to five-hundred-dollars ($500) for a period of four years for prescription safety glasses for those employees whose position requires them and is pre-approved by their supervisor. Appropriate documentation of purchase of such

1. Staffing Coverage:

   Background – The Cornell University Hospital for Animals consists of several 24/7 units, which requires coverage 24 hours a day, 7 days a week by staff who support those units. To meet expectations of superior patient care, animal care staff may be asked to work weekends, holidays, or other shifts/days normally scheduled off in order to meet business/staffing needs.

   A. All regular union staff members will be on a rotation list, which will be based on seniority. The animal care supervisor is responsible for maintaining the rotation list.

   - Two separate rotation lists will be maintained. One for holidays and one for regular (non-holiday) work days (Monday through Sunday).

   B. Individuals providing staffing coverage will receive the option of selecting either: a.) pay for the time worked or b.) time off (equivalent to the hours worked) within the same pay week.

      - The staff member covering the shift will receive overtime pay if the total hours worked during that pay week exceed 40 hours.

2. Rotation Process:

   A. Union staff members will rotate on the list based on seniority. The initial list established will begin with the most senior union staff member and continue with the remaining staff members in order by seniority.

      i. Should a staff member decline, the next staff member on the list will be offered the opportunity to work. The staff member who declined will be moved to the bottom of the list and contacted the next time the list rotates back to his/her name.

         a. Staff members have the right to refuse/decline the request to provide staff coverage.
ii. If the scheduling effort is being done by phone, a no
answer or busy signal equates to “not available” and the
next staff member on the list will be called. The list will
be noted that the attempt to contact was made. The staff
member who was not available will be moved to the
bottom of the list and contacted the next time the list
rotates back to his/her name.

iii. Continue down the list until required staffing is obtained.

iv. After required staffing is obtained, the next person on the
list becomes the first person called for the next rotation
process to cover staffing needs.

v. Casuals or temporary staff will be contacted only
after exhausting all regular staff members on the rotation
list.

B. In the event that staff coverage becomes mandatory as a result
of all staff declining the request to provide coverage, the least
senior union staff member will be required to provide coverage.
In this case, the individual will receive the option of selecting
either: a.) pay for the time worked or b.) time off (equivalent to
the hours worked) within the same pay week.

i. The staff member covering the shift will receive overtime
pay if the total hours worked during that pay week exceed
40 hours.

- **Clothing and Shoe Allowance:** All employees are expected to report to work with proper work gear in good condition to help ensure worksite safety and ready to perform their work duties. As such, employees should be properly prepared for the working and environmental conditions they will encounter while on the job, such as operating heavy machinery or working in inclement weather.

To this end, regular employees shall be provided with a clothing allowance of three-hundred-sixty-six dollars ($366) per year after they have successfully completed their probationary period. Staff hired in mid-year shall receive a pro-rated amount.

This clothing allowance is intended to be applied by employees toward their expenses for proper work gear as described above, such as, but not limited to, coveralls, gloves, pants, shirts, jackets, hats, rain gear, and shoes/boots including steel toed footwear, and replaces the required apparel reimbursement provision for the purchase of safety shoes or boots as applicable in Article 17, Required Apparel, of the contract.

The negotiated clothing allowance will be added to the employee’s regular paycheck and taxed accordingly. This allowance will be issued by the middle of August of each contract year.

- **Prescription Safety Glasses:** A reimbursement of up to five-hundred-dollars ($500) for a period of four years for prescription safety glasses for those employees whose position requires them and is pre-approved by their supervisor. Appropriate documentation of purchase of such glasses is required from the employee before the reimbursement can be issued.
• **Clothing and Shoe Allowance:** Full time employees shall be provided with a clothing and shoe allowance of three-hundred-fifty-nine dollars ($359.00) after they have completed probation. Staff hired in mid-year of the contract period shall receive a pro-rated amount retroactive to their date of hire as a regular employee.

This allowance is payable in the employee’s paycheck, is subject to applicable taxes and will be paid as soon as is practicable after the beginning of each contract year.

• **Prescription Safety Glasses:** A reimbursement of up to five-hundred-dollars ($500) for a period of four years for prescription safety glasses for those employees whose position requires them and is pre-approved by their supervisor. Appropriate documentation of purchase of such glasses is required from the employee before the reimbursement can be issued.

• **Shift Differential:** R5 employees who work four (4) or more hours between the hours of 6 PM and 6 AM shall receive the negotiated shift differential as described in Article 35, Hours of Work and Overtime.
