The Summary of Benefits and Coverage
For the Endowed Health Plans

The enclosed Summary of Benefits and Coverage (SBC) is a standardized document that is required by the Patient Protection and Affordable Care Act (PPACA). All insurance plans are required to produce SBCs based on a uniform template and distribute to all covered participants.

The purpose of an SBC is to provide a summary of major plan provisions of your health plan coverage and to help you make appropriate coverage decisions. There are also cost sharing examples to assist in your understanding of plan benefits.

Q. What information is included in the SBC?
A. A description of the benefits and coverage under a plan, including cost-sharing requirements and any information regarding exceptions, reductions or limitations.

Q. Should I use the SBC to decide which of the endowed health plans is the best choice for me?
A. No. The SBC is a simple, federally mandated document intended to help consumer understanding at a high level. It does not describe the full scope of coverage under any plan and should not be considered a complete description of a plan’s benefits. For more information, you should refer to the Summary Plan Description that is available for each health plan on our website: https://hr.cornell.edu/

Q. Will my SBC explain how services are covered?
A. Your SBC may provide you with some information that will explain how certain services are covered, such as what your copayment is. However, for more complete information, you should refer to the Summary Plan Description that is available for each health plan on our website: https://hr.cornell.edu/

Q. The Coverage Examples for Having a Baby, Managing Type 2 Diabetes and Simple Fracture indicate a “Total Would Pay” amount. Is this the amount I would actually pay?
A. The Coverage Examples help you to see how deductibles, copayments and coinsurance can add up, and they may help you to see what expenses might be your responsibility if a service or treatment isn’t covered or payment is limited. They are based on a standard set of services that a patient might receive in a similar scenario, and are intended only to help you compare your overall coverage, and not as a cost estimator.

Q. Can I get a paper copy of the Summary of Benefits and Coverage if I need one?
A. Yes, if you need a paper copy, please contact HR Services and Transitions Center (HRSTC) at 607-255-3936 or via email at hrservices@cornell.edu

<th>Question</th>
<th>Answers</th>
<th>Why This Matters:</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>What is the overall deductible?</strong></td>
<td>Network: Individual $100 / Family $200. Out-of-Network: Individual $400 / Family $800.</td>
<td>Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.</td>
</tr>
<tr>
<td><strong>Are there services covered before you meet your deductible?</strong></td>
<td>Yes. Prescription drugs; plus in-network office visits &amp; preventive care are covered before you meet your deductible.</td>
<td>This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at <a href="https://www.healthcare.gov/coverage/preventive-care-benefits/">https://www.healthcare.gov/coverage/preventive-care-benefits/</a>.</td>
</tr>
<tr>
<td><strong>Are there other deductibles for specific services?</strong></td>
<td>No.</td>
<td>You don't have to meet deductibles for specific services.</td>
</tr>
<tr>
<td><strong>What is the out-of-pocket limit for this plan?</strong></td>
<td>Network: Individual $2,000 / Family $4,000. Out-of-Network: Individual $3,500 / Family $7,000.</td>
<td>The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.</td>
</tr>
<tr>
<td><strong>What is not included in the out-of-pocket limit?</strong></td>
<td>Premiums, balance-billed charges, health care this plan doesn't cover &amp; penalties for failure to obtain pre-authorization for covered.</td>
<td>Even though you pay these expenses, they don't count toward the out-of-pocket limit.</td>
</tr>
<tr>
<td><strong>Will you pay less if you use a network provider?</strong></td>
<td>Yes. See <a href="http://www.aetna.com/docfind">www.aetna.com/docfind</a> or call 1-888-982-3862 for a list of network providers.</td>
<td>This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.</td>
</tr>
<tr>
<td><strong>Do you need a referral to see a specialist?</strong></td>
<td>No.</td>
<td>You can see the specialist you choose without a referral.</td>
