Mann Library Exhibits

Making Activities
Calling all kids (and their parents) who are into making cool stuff. In celebration of Earth Week 2019 and in partnership with Manndible Café, Mann Library will be hosting some earth-friendly making activities in the Mann Lobby and mannUfactory makerspace.

- 10:00 am – 1:00 pm: Drop in at the Mann Lobby to make and decorate colorful drink-&-snack jars that you can use for your lunch box at school or camp.
- 1:00 – 3:00 pm: Drop by the mannUfactory makerspace to make reusable snack bags that anyone (you, your family members, your friends) can use to reduce what you throw away at lunch everyday even more.

And while you’re here, we’ll be happy to show you the other cool making equipment (3D printers, button-makers, and more) that you can find in the mannUfactory for turning your designs and creative ideas into reality. Hope we get to see you here for some good down-to-earth (not to mention, save-the-earth) fun!

Exhibit

PolliNation: What Art and Science Can Tell Us About Pollinators
Bees, butterflies and other insects help keep our planet healthy by pollinating the plants of the world. Artists from Wales have teamed up with entomologists from Cornell to show how beautiful these creatures are and how much it matters for us to keep them healthy. Drop by the new “PolliNation” exhibit in the Mann Gallery get a bug’s eye view of this important story. 8:00 – 5:00 pm, Mann Library Gallery. For info and inquiries: mannlib.cornell.edu; 607-255-5406

Other Possibilities

Tour Cornell Botanic Gardens - (sunrise – sunset, Welcome center is open 10 am – 2 pm)
The gardens around the Nevin Welcome Center are at the heart of Cornell Botanic Gardens. Visitors with only a short time to see Cornell Botanic Gardens will want to focus on this 35-acre site, which features 12 specialty gardens. These include herbs, flowers, vegetables, rock garden plants, rhododendrons, perennials, ornamental grasses, groundcovers, vines, container gardens and plants with winter interest.

Visit the Herbarium of the Bailey Hortorium
- 4th floor of Mann Library on the Agriculture Quad, 9:00am-4:30pm
- The L. H. Bailey Hortorium Herbarium (BH) at Cornell University is one of the largest university-affiliated collections of preserved plant material in North America. It includes Cornell's Wiegand
Herbarium (CU), which was merged with BH in 1977. The combined herbaria now number ca. 860,000 specimens of algae, bryophytes, and vascular plants.

Get some ice-cream (or breakfast/lunch) at the Cornell Dairy Bar!
  - Stocking Hall on the East end of Tower Road - Breakfast 8:30-10:30am - Lunch 10:30-4pm

Shop till you drop at the Cornell Store

Walk around Beebe Lake

Visit the Cornell Orchard Store - Located at 709 Dryden Rd - Open from 10:00 AM – 6:00 PM
