*Already tenured at Cornell University

The tenure due date for the deans' offices is the guaranteed date for timely consideration. Dossiers submitted after the due date risk not being considered in time for the indicated Board of Trustees meeting.

For candidates who have held tenure previously, at another institution or at Cornell:

Provost's authority determines whether to seek the advice of the University Faculty FACTA tenure committee. A dean's special request to waive FACTA review is not necessary; all eligible dossiers are routed for waiver consideration.

Because the provost *could* seek FACTA advice, dossier submission should adhere to the issued schedule.

Late submission of a FACTA-optional tenure dossier still must anticipate time for the provost's decision and for providing items to the trustees, which must occur weeks before the trustees meet.
