

Important Notice from Medicare

ABOUT YOUR PRESCRIPTION DRUG COVERAGE WITH THE CORNELL UNIVERSITY HEALTH PLAN AND MEDICARE

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Cornell Endowed Health Plans and about your options under Medicare's prescription drug coverage. This information can help you decide whether you want to join a Medicare drug plan. If you are considering joining Medicare prescription drug coverage in your area, you should compare your current coverage, including which drugs are covered and at what cost, with that coverage. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice. There are two important things you need to know about your current coverage related to Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Cornell University has determined that the prescription drug coverage offered by the Cornell Endowed Health Plans is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore, considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join a Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your Cornell Endowed Health Plan coverage will be affected. You can keep the Cornell Endowed Health Plan coverage, but if you elect to enroll in Part D this plan will not coordinate with the Part D coverage. If you decide to enroll in a Medicare prescription drug plan and drop Cornell's Endowed Health Plan, which includes prescription drug coverage, be aware that you and your dependents will not get this coverage back.

If you drop your current Endowed Health Plan Coverage through Cornell University which includes prescription drug coverage, you will not be permitted to enroll back into the plan during the Open Enrollment period or at any other time.

See CMS Creditable Coverage information available at <http://www.cms.hhs.gov/CreditableCoverage/>, which outlines the prescription drug plan provisions/options that Medicare eligible individuals may have available to them when they become eligible for Medicare Part D.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with Cornell University and do not join a Medicare drug plan within 63 continuous days after your current coverage ends, you might pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.
